

Convener

Prof. Dr. R. Maruthi,

Dean, PRIST-Chennai Campus

Organizing Secretaries

Dr. T. Pratheep, AP / Bio-Tech

Dr. R.V. Shalini, HOD / Bio-tech

Organizing Committee

Dr. G. Venkat Kumar, AP / Bio-Tech

Dr. S. Esther Priyadharshini, AP / Genetic Eng.

Ms. A.P. Amrutha, AP / Bio-Medical Eng.

Registration Form

Name (Block Letters):

Department:

Address for Communication:

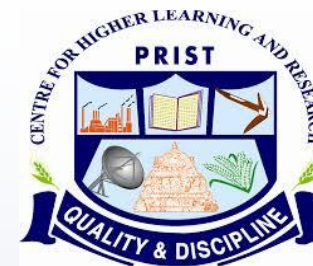

Mobile No:

Email:

Age & Gender:

Area of Interest:

Signature of the Applicant with date:

**PONNAIYAH RAMAJAYAM
INSTITUTE OF SCIENCE AND
TECHNOLOGY
(Deemed to be University)**

School of Life Sciences,
Manamai, ECR,
Chennai – 603102,
Tamil Nadu, India.

Website: <http://prist.ac.in>

**One Day Seminar On Recent
Trends In Medical Biotechnology**

27th April, 2018

About the University

Ponnaiyah Ramajayam Institute of Science and Technology (PRIST) is an institution deemed to be University, under section 3 of UGC Act, 1956, located in Thanjavur. The institution was accredited by NAAC and approved by AICTE. Various higher learning institutes such as College of Arts and Science, School of Engineering and Technology, College of Education, School of Pharmacy, School of Agriculture, Research institutions, and Polytechnic College added feather on the PRIST crown. Its spreads over six campuses an institution of eminence characterized by academic excellence and producing quality graduates, post graduates and professionals with quality and social commitment. PRIST (Chennai campus) is located in Manamai Nallur, Kancheepuram District, which is 50 km from Chennai.

About the School of Life Sciences

School of Life sciences was established in PRIST – Chennai campus in 2014 with an obvious and clear objective to enlighten and enable students to enrich knowledge in the field of life science. The School of Life sciences consists of four departments, Department of Biotechnology, Department of Genetic Engineering, Department of Bioinformatics and Department of Biomedical Engineering. Each department is dedicated to nurture and prepare students for research in different areas of Bioscience and its allied sectors. Students are presenting the research findings in seminars and conferences & actively participating in workshops. School of Life sciences offers courses of B. Tech, M. Tech, B. Sc and M.Sc.

About the seminar

The field of medical biotechnology is of immense use in living cells and cell materials for research and produce pharmaceutical and diagnostic products that helps to treat and prevent human diseases. This seminar provides a common platform for interaction among the students and experts in the field of medical biotechnology. It will provide an opportunity in the field and share advanced knowledge from researchers, communicating with each other about their experiences and up-to-date research achievements. Taking forward the issues and future prospectus in human welfare, it is also very essential to revolutionize existing medical practices in the context of healthcare. In this scenario, the scientific community has an essential role in spreading the available modern ideas to synchronize and establish medical research. Incorporation of knowledge in modern technologies in life science will ensure medical diagnosing faster and better treatment. This seminar highlights the recent trends in the cancer biology, proteomics, therapeutic drugs and clinical biochemistry.

Seminar Theme

- Clinical Biochemistry
- Cancer Biology
- Proteomics
- Therapeutic drugs

Key speakers

Dr. B. N. Arudhradharasenam, Professor, Department of Biochemistry, PRIMS

Dr. N. Vishali, Associate Professor, Department of Anatomy, PRIMS

Dr. T. Gopalakrishnan, Assistant Professor, Department of Biochemistry, PRIMS

Dr. Sumanth Kumar, Assistant Professor, Department of Biochemistry, PRIMS

Dr. Bhuvaneshwari, Assistant Professor, Department of Anatomy, PRIMS

Participants

B. Tech, M. Tech, B. Pharm, B. Sc, M. Sc and M. Phil students (Future researchers).

Registration

Registration Fee:

Students & Scholars : Rs.300/-

The Registration Fee should be pay on or before 20-04-2017.

Note:

- Number of participants limited to 50 on first come first served basis.
- Registration fee includes participant kit, certificates and lunch.
