STUDENT FEEDBACK ON CURRICULUM

Academic Programme :

B.Tech (ECE)

Batch :

2015-19

S. No.	Question	Excellent (5)	Very Good (4)	Good (3)	Average (2)	Poor (1)	Total Score	If Average or poor the changes suggested
1.	How do you rate the sequence of the Courses that you have studied are in sequence to what you have studied in the previous semester?			✓			3	
2.	How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course?			✓			3	
3.	How do you rate the relevance of the units in Syllabus relevant to the course?			✓			3	
4.	How do you rate the sequence of the units in the course?			✓			3	
5.	How do you rate the allocation of the credits to the courses?			✓			3	
6.	How do you rate the distribution of the contact hours among the course components (L-T-P)?			✓			3	
7.	How do you rate the offering of the electives in terms of their relevance to the specialization streams?		✓				4	
8.	How do you rate the electives offered in relation to the Technological advancements?		✓				4

Ponnaiyah Ramajayam Institute of
Science and Technology (PRIST)
Deemed to be University
Vallam, Thanjavur - 613 403.

9.	How do you rate the relevance of the Text Books and reference books by their International recognition to the Courses?		✓				4
10.	Rate the Size of syllabus in terms of the load on the student		✓				4
11.	Rate the courses in terms of extra learning or self learning considering the design of the courses			✓			3
12.	Rate the courses in terms of sequence of offering considering whether the preceding courses have been covered.			✓			3
13.	How do you Rate the loading of the courses in a semester?			✓			3
14.	How do you Rate the evaluation scheme designed for each of the course?			✓			3
15.	How do you rate the objectives stated for each of the course?	✓					5
16.	How do you rate competencies expected out of the course?		✓				4
17.	How do you rate the composition of the courses in terms of Basic science, Engineering science, Humanities, Discipline core, discipline elective, open elective, project etc..?			✓			3
18.	How do you rate the percentage of courses having LAB components?		✓				4
19.	How do you rate the domain used for designing the experiments for the LAB components?		✓				4
20.	How do you rate the experiments in relation to the real life Applications?			✓			3
	Total						69

S. No.	Question	Excellent (5)	Very Good (4)	Good (3)	Average (2)	Total Score	If Average or poor the changes suggested
1.	Content and Coverage	✓				5	
2.	Adequacy of the core courses	✓				5	
3.	Ordering of the courses	✓				5	
4.	Adequacy of the elective courses	✓				5	
5.	Practical content in the curriculum	✓				5	

Suggested Improvements

Please take a moment to make further comments or suggestions for improvement of curriculum

It would benefit students if arrangements were made to prepare students for competitive examinations such as GATE, RRB, etc...

Thanks for the time spared by you to fill-in this Proforma.

STUDENTS FEEDBACK ON TEACHING LEARNING PROCESS – FEEDBACK ANALYSIS

REPORT (2019–2020)

Students were requested to grade the various teaching-learning parameters below.

The Set of Questionnaires was responded by **38 students** for the Academic Year 2019–2020 from M. Tech-Communication Systems (Full Time)

S.NO	Questions	Response Percentage			
		Very Good	Good	Satisfactory	Unsatisfactory
1.	Punctuality in handling classes	91	7	2	0
2.	Maintenance of discipline inside the class room	92	7	1	0
3.	Time Management of the teacher	92	7	1	0
4.	Knowledge Base of the teacher	93	6	1	0
5.	Communication skill of the teacher	91	7	2	0
6.	Sincerity and Commitment of the teacher	93	6	1	0
7.	Interest generated by the teacher among the students	90	8	2	0

DEPARTMENT OF EEE

**FEEDBACK/OBSERVATIONS ON UG/PG CURRICULUM
REGULATION 2017**

ABSTRACT

The feedbacks are collected from various stake holders on B.TECH-EEE /M.TECH- POWER SYSTEM curriculum regulation 2017. It is discussed in academic advisory committee meeting. The summary of that feedback is forwarded by the academic committee to the Board of Studies for the consideration in revision of syllabus.

Employers' Feedback:

From the feedback obtained from various employees of successive organizations, it is found that

- The UG curriculum is way more astonishing to meet the future industrial growth.
- The student's capability to clutch over the developing technologies and their innovations in designing techniques may be more astounding.
- The sufficiency of courses in relation to industrial requirements may be applicable.
- The practical skills of students and their willing to learn fresh skills are spontaneous.
- The competency in relation to course content is quite impulsive.
- The experiments in terms of their relevance to industrial atmosphere may be prepared more remarkable.

Part II - Feedback on the Curriculum

S No	Question	Excellent (5)	Very Good (4)	Good (3)	Average (2)	Poor (1)	Total Score	If Average or poor the changes suggested
1.	Content and Coverage	5					5	
2.	Adequacy of the core courses	5					5	
3.	Ordering of the courses		4				4	
4.	Adequacy of the elective courses	5					5	
5.	Practical content in the curriculum	5					5	

Suggested Improvements

Please take a moment to make further comments or suggestions for improvement of curriculum

Skill development over the curriculum design strategy
 is highly recommended. Overall the coverage is great.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Feedback Abstract of B.Tech (2019-20)

Academic Peers Feedback

- A new course must be introduced to know the basic structure of computers, operations and instructions. Design arithmetic and logic unit and also Understand pipelined execution and design control unit, parallel processing architectures.
- A new course must be introduced for the Learners to attain knowledge about the stability of power system Learners will have knowledge on small-signal stability, transient stability and voltage stability
- A new course must be introduced to apply computing platform and software for engineering problems and study about the concepts of windows programming models.
- Chemistry for Engineering must be revised according to the recent syllabus in reputed Universities
- Engineering Graphics must be revised according to the recent syllabus in reputed Universities
- A new course must be introduced to improve the problem solving skills of students.
- A revision is needed in Engineering Mathematics-II
- A revision is needed in Physics for Electronics Engineering
- A revision is needed in Circuit Theory
- A revision is needed in Engineering Practices Lab
- A revision is needed in Physics and Chemistry Lab
- A revision is needed in Engineering Mathematics –III

Head of the Department
Electrical and Electronics Engineering
Ponnaiyah Ramajayam Institute
Science & Technology (PRIST)
(Institution Deemed to be Univ.
Us 3 of the UGC Act 1956)
THANJAVUR – 613 403, TAMIL NADU

DEAN
School of Engineering and Tech.
Ponnaiyah Ramajayam Institute of
Science and Technology (PRIST)
Deemed to be University
Vallam, Thanjavur-613 403.

- A revision is needed in Digital Logic Circuits
- Technical Seminar course may be introduced
- A revision is needed in Power Plant Engineering
- A revision is needed in Electronics Laboratory
- A revision is needed in Linear and Digital Integrated Circuits Laboratory
- A revision is needed in Control and Instrumentation Laboratory
- A revision is needed in Power Electronics and Drives Laboratory
- New topics must be added in the Power Systems Transients to improve the power transmission systems problems.
- New topics must be added in the Total Quality Management to improve the managerial skills and new management Technologies knowledge.
- A new course will be introduced to improve the Soft ware developing knowledge and programme developing skill.
- A new course will be introduced to improve Energy Management and Auditing skills.
- A new course must be added to improve the employability skills, and also developing the system design competence.
- A new course must be introduced to enrich the knowledge in the field of renewable energy and Modern grid Technologies.
- A New course must be introduced to enhance the knowledge in the budding field of Nano - Technologies.
- A Innovative course must be Launched to enhance the knowledge in the field of Biomedical technologies and to create a awareness in the field of Instrumentation.
- A most valuable course should be incorporated to create the awareness in the field of industrial safety to prevent the electric accident and maintain the energy saving Techniques.
- A Innovative course must be Launched to promote the research attitude and to explore the innovative concepts according to the requirement in the research field.
- The Electrical machine design course content had been completely reformed with addition of some topics such as Core, yoke, windings and cooling systems of

transformers, design of stator and rotor of induction machines and synchronous machine and the importance of computer aided design method in different units.

Employers Feedback

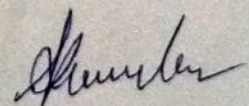

- A new course must be introduced to know the waste water treatments of human and industrial effluents and it should be disposed of without danger to human health or unacceptable damage to the natural environment.
- A new course must be introduced to improve the air quality inside a building by integrating vegetation that cleans the air and using materials that release fewer contaminants like volatile organic compounds and formaldehyde.
- A new course must be introduced to understand the standard safety procedures in an industrial environment.
- A new course must be introduced to apply knowledge of mathematics, science, and applied sciences, design and conduct experiments, as well as to analyze and interpret data.
- A new course must be introduced to have an understanding of the nature and characteristics of air pollutants, noise pollution and basic concepts of air quality management identify, formulate and solve air and noise pollution problems design stacks and particulate air pollution control devices to meet applicable standards.
- A new course must be introduced to know the principles and types of HVDC system the concepts of HVDC converters, DC link control, reactive power management, harmonics and power flow analysis.

Alumni Feedback

- A new course must be introduced to expose students to practical problems and learn troubleshooting methods.
- A new course must be introduced to learn how to analyze unfamiliar words by understanding the structure of the English Language, develop an ability to recognize main idea and supporting details in order to improve comprehension and retention of written information and to improve reading fluency.

Head of the Department

- A new course must be introduced to plan, design and conduct of research in their own discipline, to understand how scientific research is undertaken and are introduced to different research approaches, to critically evaluate research (their own and that of others) regardless of the research approach and to develop the skills needed to design and undertake research that is ethical, meaningful, rigorous and relevant.
- A new course must be introduced to understand some basic concepts of research and its methodologies, identify appropriate research topics and select and define appropriate research problem and parameters.

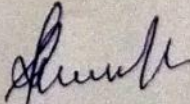

Parents Feedback

- A new course must be introduced to manage Intellectual Property portfolio to enhance the value of the firm.
- A new course must be introduced so that student should be able to implement abstract data types for linear data structures and apply the different linear and non-linear data structures to problem solutions. Critically analyze the various sorting algorithms.
- A new course must be introduced to describe the environmental aspects of non-conventional energy resources and Comparison with various conventional energy systems, their prospects and limitations and to know the need of renewable energy resources, historical and latest developments.

Student Feedback

- Object Oriented Programming course content must be revised to improve the coding development skills.
- Electromagnetic Theory must be updated to have a detailed study of fundamental laws and algebraic equation of magneto-statics and electrodynamic fields
- Probability and Statistics must be updated with the basic concepts of two dimensional random variables and design in the field of agriculture and statistical quality control

STUDENT FEEDBACK ON CURRICULUM

Academic Programme : Batch :

S. No.	Question	Excellent (5)	Very Good (4)	Good (3)	Average (2)	Total Score	If Average or poor the changes suggested
1.	How do you rate the sequence of the Courses that you have studied are in sequence to what you have studied in the previous semester?		4			4	
2.	How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course?		4			4	
3.	How do you rate the relevance of the units in Syllabus relevant to the course?		4			4	
4.	How do you rate the sequence of the units in the course?		4			4	
5.	How do you rate the allocation of the credits to the courses?		4			4	
6.	How do you rate the distribution of the contact hours among the course components (L-T-P)?			3		3	
7.	How do you rate the offering of the electives in terms of their relevance to the specialization streams?		4			4	
8.	How do you rate the electives offered in relation to the Technological advancements?		4			4	

How do you rate the relevance of the Text books and reference books by their International recognition to the Courses?	5				5
Rate the Size of syllabus in terms of the load on the student?		4			4
Rate the courses in terms of extra learning or self learning considering the design of the courses	5				5
Rate the courses in terms of sequence of offering considering whether the preceding courses have been covered.	5				5
How do you Rate the loading of the courses in a semester?		4			4
How do you Rate the evaluation scheme designed for each of the course?		4			4
How do you rate the objectives stated for each of the course?		4			4
How do you rate competencies expected out of the course?			3		3
How do you rate the composition of the courses in terms of Basic science, Engineering science, Humanities, Discipline core, discipline elective, cross elective, project etc.,?		4			4
How do you rate the percentage of courses having All components?		4			4
How do you rate the domain used for designing the experiments for the LAB components?			3		3
How do you rate the experiments in relation to the Life Applications?		4			4
Total					82

Part II - Feedback on the Curriculum

S. No.	Question	Excellent (5)	Very Good (4)	Good (3)	Average (2)	Total Score	If Average or less, changes suggested
1	Content and Coverage		✓				
2	Adequacy of the core courses		✓				
3	Ordering of the courses			✓			
4	Adequacy of the elective courses			✓			
5	Practical content in the curriculum		✓				

Suggested Improvements

Please take a moment to make further comments or suggestions for improvement of curriculum

Include recent improvements in lab syllabus.

FACULTY FEEDBACK ON CURRICULUM – FEEDBACK ANALYSIS REPORT

S.NO	Question's	Excellent	Very Good	Good	Fair	Poor
1.	Content and Coverage of the Core Courses in the Curriculum	52	33	15	0	0
2.	Adequacy of the Elective Courses in the Curriculum	45	37	16	2	0
3.	Adequacy of the Interdisciplinary Elective Courses in the Curriculum	54	36	9	0	1
4.	Availability of Courses related to Computing and Communication skills in the Curriculum	44	34	22	0	0
5.	Availability of Courses related to Industrial planning and managerial skills in the Curriculum	49	39	10	1	1
6.	Scope for skill development/ employability/ entrepreneurship in the Courses offered.	58	31	9	1	1
7.	Laboratory Content in the Curriculum	47	34	16	2	1
8.	Adequacy of the Skill Based Courses in the Curriculum	47	36	17	0	0
9.	Adequacy of the Add-On Courses in the Curriculum	47	31	19	1	2
10.	In your view, the standard of curriculum and syllabi of UG level academic programmes offered in your department in comparison with similar programmes offered by other Institutions	54	32	13	1	0

11.	In your view, the standard of curriculum and syllabi of PG level academic programmes offered in your department in comparison with similar programmes offered by other Institutions	55	32	11	0	2
12.	The quality of teaching and learning methods adopted by the department for various level academic programmes are at par with the specified standards	54	32	13	1	0
13.	In view of the Faculty, the processes for assessments, examinations and determination of awards are sound and fairly conducted	57	31	8	3	1
14.	In view of the Faculty, the standards set in the University for the awards are appropriate for the respective programmes at various levels in the discipline concerned	50	34	13	2	1

FEEDBACK ABSTRACT AND ACTION TAKEN - 2019

Academic Peer feedback:

- On perusal of the existing syllabus the academic experts recommended to follow the existing syllabus for the upcoming academic year 2020 – 2021

Industrial Expert feed back:

- The industrial experts also recommended to follow the existing syllabus for the academic year 2020 – 2021

Staff feed back:

- On close examination the staff members recommended to follow the existing syllabus for the academic year 2020 – 2021.

Students feedback:

- The students are fine with the existing syllabus.
- The students are expecting to conduct guest lectures and coaching class for PG Preparation.

Parents feedback:

- The parents are satisfied with the teaching methods of the staff members.
- The parents recommended to provide coaching classes for PG ICAR preparation and for competitive examinations.

ACTION TAKEN

- The collected feedbacks from the different stakeholders are to be considered and to be placed in the upcoming Board of Studies meeting.

Students feedback:

- The students are fine with the existing syllabus.
- The students are expecting more practical classes and field visit.

Parents feedback:

- The parents are satisfied with the teaching methods of the staff members.
- The parents recommended to provide coaching classes for PG ICAR preparation and for competitive examinations.

ACTION TAKEN

- The collected feedbacks from the different stakeholders are to be considered and to be placed in the upcoming Board of Studies meeting.

Students Feedback on Curriculum

S.no	Parameter	High	Moderate	Poor
1	The sequence of the courses(subjects) in the curriculum			
2	Size of syllabus in terms of the load on the student.			
3	The objectives stated for each of the course.			
4	The offering of the electives in terms of their relevance to the specialized streams.			
5	How do you rate the electives offered in relation to the technological advancements.			
6	Content of the courses encourages extra learning/self learning.			
7	How do you rate the percentage (Number) of courses having practical components?			
8	How do you rate the domain used for Designing/performing the experiments in the laboratory.			
9	How do you rate the relevance of the Text Books and reference books by their International recognition to the Courses?			
10	Rate the Size of syllabus in terms of the load on the student			
11	Rate the courses in terms of extra learning or self learning considering the design of the courses			
12	Rate the courses in terms of sequence of offering considering whether the preceding courses have been covered.			
13	How do you Rate the loading of the courses in a semester?			
14	How do you Rate the evaluation scheme designed for each of the course?			
15	How do you rate the objectives stated for each of the course?			
16	How do you rate the competencies expected out of the course?			
17	How do you rate the composition of the courses in terms of Basic science, Engineering science, Humanities, Discipline core, discipline elective, open elective, project etc.,?			
18	How do you rate the percentage of courses having LAB components?			
19	How do you rate the domain used for designing the experiments for the LAB components?			
20	How do you rate the experiments in relation to the real life Applications?

SCHOOL OF ARTS AND SCIENCE

DEPARTMENT OF CHEMISTRY

We have collected the feedback on curriculum from all the stakeholders for the academic year 2019-2020. We have analysed the feedback and found the issues and suggestions from students, Alumni, Academic Peer, Employer, Parents.

- ❖ As per analysis of student's feedback, students need to familiarize themselves with the latest current field
- ❖ Alumni feel that there is to give weightage to conduct seminar and conference.
- ❖ Employers suggested that there is need to include the new curriculum based the syllabus.
- ❖ Academic peer suggested to concentrate on research oriented curriculum
- ❖ Parents well-satisfied on our curriculum

General feedback

- ❖ As peer parents suggested that the college bus routes may be extended if there are sufficient number of students who need them.
- ❖ Parents demanded for remedial coaching classes in English and basic chemistry for the weaker students.

Take action for their stakeholder's feedback.

- ❖ The management discussed the matter and recommended to do the needful to extend possible bus services to more interior areas.
- ❖ The issue were discussed in the meeting of the Department Heads and they are asked to revamp the remedial program for English and chemistry
- ❖ Resolved to take note of the abstracts of stakeholders feedback on collected during the year 2019-2020 and further resolved to take the feedback in to consideration during the forth-coming syllabus revision for B.Sc., M.Sc., M.Phil., in Chemistry.

STUDENT FEEDBACK ON CURRICULUM

Academic Programme :

2019 - 2020

Batch :

2018 - 2021

S. No.	Question	Excellent (5)	Very Good (4)	Good (3)	Average (2)	Poor (0)	Total Score	If Average or poor the changes suggested
1.	How do you rate the sequence of the Courses that you have studied are in sequence to what you have studied in the previous semester?	✓						
2.	How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course?		✓					
3.	How do you rate the relevance of the units in Syllabus relevant to the course?	✓						
4.	How do you rate the sequence of the units in the course?			✓				
5.	How do you rate the allocation of the credits to the courses?	✓						
6.	How do you rate the distribution of the contact hours among the course components (L-T-P)?		✓					
7.	How do you rate the offering of the electives in terms of their relevance to the specialization streams?			✓				
8.	How do you rate the electives offered in relation to the Technological advancements?	✓						

A. Subramanian
Head of the Department

School of Arts & Science
Prist Deemed to be University, Thanjavur.

Devi
Dean of Arts & Science
PRIST Deemed to be University
Thanjavur - 613 403, Tamilnadu.

9.	How do you rate the relevance of the Text Books and reference books by their International recognition to the Courses?	✓						
10.	Rate the Size of syllabus in terms of the load on the student		✓					
11.	Rate the courses in terms of extra learning or self learning considering the design of the courses	✓						
12.	Rate the courses in terms of sequence of offering considering whether the preceding courses have been covered.			✓				
13.	How do you Rate the loading of the courses in a semester?	✓						
14.	How do you Rate the evaluation scheme designed for each of the course?		✓					
15.	How do you rate the objectives stated for each of the course?	✓						
16.	How do you rate competencies expected out of the course?			✓				
17.	How do you rate the composition of the courses in terms of Basic science, Engineering science, Humanities, Discipline core, discipline elective, open elective, project etc.,?	✓						
18.	How do you rate the percentage of courses having LAB components?		✓					
19.	How do you rate the domain used for designing the experiments for the LAB components?			✓				
20.	How do you rate the experiments in relation to the real life Applications?	✓						
	Total	10	5	5

FEEDBACK BY STAKEHOLDERS (2019 – 2020)

The feedback from each group helps us to understand our responsibilities, clarify their expectations and address their general concerns so as to improve the academic environment of the campus.

1. STUDENTS FEEDBACK

- 1 Updation of curricular contents to facilitate students to clear competitive exams
- 2 More flexibility in the curriculum was needed
- 3 Field visits, industrial visits, attending workshops should be encouraged

2. TEACHERS FEEDBACK

- 1 Research supervisors should look into applicability of the outcome of research in academics and should have societal impact
- 2 Syllabus can be updated regularly based on the recent advances in their field
- 3 Statistics can be given importance at UG and PG level
- 4 Publications of papers of their project work should be made mandatory to encourage the students to aim for higher studies and pursue doctoral program
- 5 Employability skills may be improved to find the apt placement after their completion of the course

3. PARENTS FEEDBACK

- 1 Students may be motivated to take multidisciplinary projects
- 2 Suggested to improve technical writing skills, improve leadership responsibilities, critical thinking and student attributes
- 3 Knowledge about ICT learning was appreciated
- 4 Parents suggested that the students require improvement in technical knowledge
- 5 They also felt that students are not much exposed to competitive exams

4. ALUMNAE FEEDBACK

- 1 Personality development courses to be offered to engineering students
- 2 Students may be taught new languages for their professional development
- 3 For PG students internship based project may be encouraged

5. EMPLOYERS FEEDBACK

- 1 Core sector recruiters stressed on to the need for application oriented knowledge.
- 2 The recruiters were satisfied with the infrastructure facilities and the arrangements made to conduct the campus placement smoothly.

The suggestions were consolidated to communicate to the teachers who are members of various Boards of Studies and Syllabus Revision Committees, and those who participated in the Syllabus Revision Workshops conducted by the University. Proper suggestions were formulated to be communicated to ensure the proper redressal of the grievances.

ACTION TAKEN REPORT ON FEEDBACK (2019 - 2020)

Action taken on feedback acts as a tool for develops an organization. It is a two-way dialogue which helps the institute or an organization to go further. Feedback allows the students to reflect on their learning; and provides opportunity to assess their skills and capabilities. The parents, teachers, alumni and employers also express their ideas on the existing pattern and offer suggestion to improve. It is with these ideas our school considers the importance of feedback from all stakeholders and takes effective action based on that

1. STUDENTS FEEDBACK AND ACTION TAKEN

S.No	Feedback	Action Taken
1	Updation of curricular contents to facilitate students to clear competitive exams	Curriculum was regularly updated by keeping in mind the advances and current scenario prevailing for each programme so as to facilitate students clear qualifying exams like NET/SLET/CSIR/GATE besides conducting coaching classes for the competitive exams
2	More flexibility in the curriculum was needed	Curriculum was structured with flexibility MOOC courses hosted on Swayam , which is an open education resource were made available to the students for the purpose of credit transfer in Indian Universities
3	Field visits, industrial visits, attending workshops should be encouraged	Field visits were part of the curriculum in many vocational courses, were arranged Hands on training and workshops will be organised with increased frequency Summer school programs to be organized for the benefit of our students

2. TEACHERS FEEDBACK AND ACTION TAKEN

S.No	Feedback	Action Taken
1	Research supervisors should look into applicability of the outcome of research in academics and should have societal impact	This suggestion was taken and the faculty encouraged the students to take up issues of societal relevance for research
2	Syllabus can be updated regularly based on the recent advances in their field	Minor changes in the syllabus were made including recent development concepts in the course
3	Statistics can be given importance at UG and PG level	Statistics provides students with tools and ideas to use in order to react intelligently to

		quantitative information in the World around them. So statistics, as part of curriculum for many programs were included.
4	Publications of papers of their project work should be made mandatory to encourage the students to aim for higher studies and pursue doctoral program	This suggestion was taken and viva was conducted for PG students and publications were made mandatory and students were guided by the faculty to publish in reputed journals
5	Employability skills may be improved to find the apt placement after their completion of the course	MOOC courses on employability skills was introduced. This enhances some key skills that the students will need for successful transition from studies to employment. The student can learn about career identities and strategies, job application skills and workplace competences

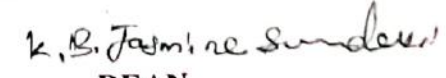

3. PARENTS FEEDBACK AND ACTION TAKEN

S.No	Feedback	Action Taken
1	Students may be motivated to take multidisciplinary projects	This suggestion was accepted and students will be encouraged to take up multidisciplinary projects
2	Suggested to improve technical writing skills, improve leadership responsibilities, critical thinking and student attributes	Technical writing was insisted. Participation for oratorical competition and debates was encouraged To lead people we have to understand them. Developing skills like empathy, cultural intelligence and decision-making could help the students. Efforts to improve leadership skills were taken.
3	Knowledge about ICT learning was appreciated	A multidisciplinary course ICT for learning for all postgraduate students was offered
4	Parents suggested that the students require improvement in technical knowledge	More industrial exposure was planned
5	They also felt that students are not much exposed to competitive exams	Trainings for competitive exams are conducted regularly

4. ALUMNAE FEEDBACK AND ACTION TAKEN

S.No	Feedback	Action Taken
1	Personality development courses to be offered to engineering students	Coursed on personality development was Offered Training programs were organised for soft skill and communication skills
2	Students may be taught new languages for their professional development	This suggestion was accepted and students will be encouraged.
3	For PG students internship based project may be encouraged	Internship based projects were encouraged and were made a component in the curriculum atleast once in their course of study.

5. EMPLOYERS FEEDBACK AND ACTION TAKEN

S.No	Feedback	Action Taken
1	Core sector recruiters stressed on to the need for application oriented knowledge.	Invited industry resources persons from various sectors addressed the students to make them understand the industry demands and the areas for improvement and learning.
2	The recruiters were satisfied with the infrastructure facilities and the arrangements made to conduct the campus placement smoothly.	The students support placement coordinators were appreciated for the support.

The suggestions received through the feedback are promptly communicated to the members of various Boards of Studies and committees. Since the school has to follow the syllabus formulated by the university. But since many of our teachers are actively participating in the syllabus restructuring process, many effective.

Analysis based on Feedback through Parents 2019-2020

A graphical representation of feedback collected from parents for the year 2019-2020. Parents suggested that regarding the quality of teaching, around 80% of the parents expressed their happiness by awarding Excellent - Good score. In terms of laboratory facilities and examination systems, organizing field trips, technical lectures, more industry internship, attainment of programme outcomes and course outcomes also more than 80 % of the parents expressed their complete satisfaction.

Feedback	Action taken
Many parents suggested that besides the regular teaching learning process, the student should also be exposed to faculties from other institutes/ organizations.	In order to cater to this suggestion, Guest Lectures, Seminars are conducted wherein students get the opportunity to learn research in Biochemistry
Provide individualized care and support to each student, especially the weaker students.	For this we made a mentor for each class which is fixed till the student will pass out. Mentor was specially taken care of weak students and provided extra care.

OVERVIEW OF ALUMNI FEEDBACK - 2019-2020

Alumni are always the pride of the University. We value their feedback and suggestions that help us to plan future proposals for the betterment of the University. Alumni feedback comprises 14 questions. The analysis of feedback obtained and suggestions given by the alumni are given below

S. No	Attributes	Strongly Agree (%)	Agree (%)	Neutral (%)	Disagree (%)	Strongly Disagree (%)
1	Feel proud to be the student of PRIST	49	36	13	2	0
2	Learning useful in my career	52	32	15	1	0
3	Development in the Institute in recent years	54	30	16	0	0
4	New courses are introduced in this Institute	56	31	10	2	1
5	Alumni involvement in PRIST	55	31	12	1	1
6	Institute was intellectually stimulating	53	30	11	4	2
7	Courses help me to develop my ability to work	49	34	14	2	1
8	Course motivated to come out with my best ability	51	25	21	2	1
9	Teachers are involved inspired me to take me role models	49	32	16	2	1
10	Course provide my interest and creative thinking	51	27	19	2	1
11	improve written and oral communication skills	53	26	18	3	0
12	Course develop my problem solving skills	52	31	16	1	0
13	Course helped me to plan my own work	51	30	16	2	1
14	Active contribution to life at Institute	50	35	12	1	2

Alumni feedback

Action taken report 2019-2020

Feedback	Action taken
Suggestion to promote work environment for team work	Teachers encouraged students to work in a team and positive results of working in a team are visible.
Involve alumni in BOS and take their suggestions to revamp the curriculum to cater to the needs of the job market.	Suggestions by the alumni were considered and they were included in important decision making processes. Prestigious alumni were invited to give motivational talks to the students in University.
More exposure to field visits in curriculum	Teachers who have field projects in their subject paid more attention to have more field visits and thus gave exposure to students for field visits.

1.4.1. ACTION TAKEN REPORT

ACADEMIC YEAR – 2019-2020

Parents Feedback 2019-2020

Action taken report

The feedback collected from parents for the year 2019-2020 was presented in a graphical representation. It showed that 90% of the parents were satisfied with the quality of teaching, laboratory facilities, examination systems, organizing field trips, technical lectures, industry internships, attainment of programme outcomes, and course outcomes. This indicates that the parents were generally pleased with the services provided by the school.

Feedback	Action taken
Many parents suggested that besides the regular teaching learning process, the student should also be exposed to faculties from other institutes/ organizations.	In order to cater to the suggestion of providing students with knowledge and experience in the field of Biotechnology, Invited Lectures and Seminars are conducted. During these lectures and seminars, students are exposed to research in the field and gain a deeper understanding of the subject. This provides students with the opportunity to explore the research and its implications, as well as interact with experts in the field and gain valuable advice and guidance. These lectures and seminars are a valuable resource for students to gain knowledge and experience in the field of Biotechnology.
Provide individualized care and support to each student, especially the weaker students.	In order to ensure that students are receiving the best possible education, we implemented a mentor system for each class. Each student is assigned a mentor who will stay with them until they graduate. The mentors are especially attentive to students who may be struggling, and provide them with additional support and guidance. This system has been successful in helping students to reach their full potential.

Alumni feedback

Action taken report 2019-2020

Feedback	Action taken
Suggestion to promote work environment for team work	The department recently introduced new elective courses into the curriculum in order to better develop the employability skills of the students. These courses are designed to provide students with the necessary knowledge and skills to succeed in the job market. They will cover topics such as communication, problem-solving, teamwork, and leadership. By taking these courses, students will gain the confidence and skills needed to be successful in their future careers. The school hopes that these courses will help students become more competitive in the job market and better prepare them for their future.
Involve alumni in BOS and take their suggestions to revamp the curriculum to cater to the needs of the job market.	The alumni of the University were highly respected and their suggestions were taken into consideration during important decision making processes. In addition, the University also invited prestigious alumni to give motivational talks and lectures to the students. This was seen as a great opportunity for the students to learn from the experiences of those who had gone before them. The alumni's input was highly valued and their advice was taken into consideration when making decisions that would affect the future of the University.
More exposure to field visits in curriculum	Teachers who have field projects in their subject area often pay more attention to organizing field visits for their students. This gives students the opportunity to gain exposure to different environments and experiences that they may not have had otherwise. Field visits can be a great way to help students learn more about the subject matter, as well as to develop a deeper understanding of the material. By taking students out of the classroom and into the field, teachers can provide a unique learning experience that can be beneficial to both the teacher and the student.

STUDENT FEEDBACK ON CURRICULUM 2019-2020

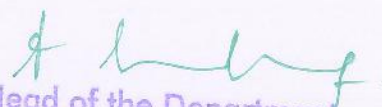

Action taken report

The feedback although favorable in all four parameters shows that there is scope for improvement in each of the parameter, a serious introspection on the need to improve academic support to the students in the quest of making the curriculum more enhancing and enriching bore fruits with an encouraging rating in the academic year 2019-2020.

Feedback	Action taken	Impact
<p>Students suggested more clinical exposure and hands-on exposure to enhance students' clinical skills in their field of expertise.</p>	<p>Formal instructions have been issued to all faculty members to increase the number of practical sessions with hands-on training in small groups. This will provide students with the opportunity to gain a deeper understanding of the subject matter by engaging in interactive activities and working collaboratively with their peers. The small group setting will also allow for more individualized instruction and feedback from the instructor. All faculty members are expected to adhere to these instructions in order to ensure that students receive the best possible learning experience.</p>	<p>Teachers placed a greater emphasis on providing practical training and hands-on workshops. These activities provided students with the opportunity to gain valuable experience and develop skills that could be applied in the real world. This approach to teaching was seen as more beneficial than traditional lectures and exams, as it enabled students to gain a deeper understanding of the material. Additionally, teachers were able to provide students with the necessary skill based course like Certificate course in cell culture Techniques to succeed in their future endeavors.</p>

EMPLOYER'S FEEDBACK 2019-2020

Action Taken Report:

S.No	FEEDBACK	ACTION TAKEN
1	Students recruits for additional certificate courses	In order to bridge the gap between industry and academic sectors, it is recommended that institutions provide additional certificate courses, such as Biomedical Instrumentation and Tools in Biostatistics. These courses would provide students with the necessary skills and knowledge required to enter the workforce, and would help to ensure that graduates are well-prepared to meet the demands of the industry. Furthermore, these courses would help to ensure that the curriculum is up-to-date and reflects the needs of the current job market. By providing these courses, institutions would be able to ensure that their graduates are well-equipped to enter the workforce and have the skills necessary to succeed.

Feedback on curriculum

Academic Programme: CIVIL ENGINEERING BUS - 2019-2020

Category: Parents/ Faculty Member / Student/ Alumni/ Employers/ Others

Sl. No.	Particulars	yes	No. (Details in support of your feedback)
1	Satisfied with the curriculum structure	✓	
2	Satisfied with the total credits	✓	
3	Distribution of credits to core subjects, electives subjects etc is adequate	✓	
4	Distribution of the subjects in semesters reflects progressive understanding	✓	
5	Syllabus of various courses are adequate in covering respective concepts	✓	
6	Curriculum is application oriented		More Practical classes needed.
7	Some subjects offered are difficult to comprehend	✓	
8	Some subjects offered are irrelevant or obsolete	✗	Some subjects are electrical dept oriented
9	Some of the core subjects are left out in the curriculum	✓	
10	The curriculum equips adequately to appear for various competitive examinations.(GATE,CSIR etc)	✓	
11	The curriculum equips adequately for placement.	✓	
12	Elective offered covers emerging areas.	✓	
13	The curriculum imparts ethical and moral values	✓	
14	Sufficient teaching resources are available for the subjects offered in the curriculum	✓	
15	Sufficient thrust is given for practicals in the curriculum	✓	
16	There are ample opportunities for creativity in the curriculum.	✓	
17	The curriculum is sufficiently challenging.	✓	
18	Curriculum is significantly innovative	✓
