INTERNATIONAL YOGA DAY

International Yoga Day was organized by NSS Unit from our University. 165 volunteers participated in the activity on the occasion of 8th International Yoga Day on 21st June, 2022. The International Day of Yoga has been celebrated annually on 21 June since 2015, following its inception in the United Nations General Assembly in 2014. Despite being times of the quarantine, the volunteers celebrated the true spirit of Yoga by practising Yoga at home. The volunteers performed various yoga asanas at convenient time between 5 AM and 8 AM in the morning. The photographs of volunteers and staff members are performing yoga asanas in university auditorium. Volunteers expressed that they had a wonderful and refreshing experience of peace through Yoga, the amalgamation of the fitness of the mind, body and soul.

VACCINATION CAMP AT VALLAM PUTHUR ON 15.07.2023

The NSS units of our University have arranged Vaccination camp at our adopted village Vallam Puthur. Public have benefited by this event. Dr.Akilan Block medical Officer Vallam, Mr.Artheswaran Health Inspector, Village President has inaugurated the event. This campaign mainly organized in order to prevent the fellow beings of public people to be not get affected by Covid-19 diseases. Totally 150 peoples are benefitted. More than 50 volunteers of NSS participated in this mega event.

Vaccine Drive At Adopted Village

DENTAL CAMP FOR SCHOOL STUDENTS

A sparkling smile depicts a healthy heart. The NSS units of PRIST Deemed to be University have arranged organized a Dental Checkup Camp for village school students. The aim of the camp was to check, regulate and maintain the dental wellness of the students and spread awareness regarding dental health and hygiene. Following the motto “prevention is better than cure,” the teachers and medical instructors told the students to follow a schedule that keeps them fit orally and what sort of food provides better health. The event was held in the school premises and lasted for three hours, starting from 10:30 am to 01:30 pm. The medical team comprised two dentists and dental hygienists, who conducted the oral check-up of the children.

Activities:

The dental camp comprised various activities to make children feel comfortable and enthusiastic about oral health. The event began with a brief orientation session, where the children were taught about the importance of maintaining good oral hygiene. The dental professionals demonstrated the right way to brush, floss and clean the tongue to prevent tooth decay and gum disease. After the orientation session, the children underwent an oral check-up. The dental professionals examined the children’s teeth, gums, and mouth for any signs of decay, cavities, or other dental issues.

The dental medical camp was a huge success. The children enjoyed the event and actively participated in the activities. The dental team examined around 200 children, out of which 20% had some form of dental issue. The dental professionals provided guidance to the parents of these children to seek timely dental treatment. Overall, the dental medical camp was an excellent initiative to promote oral health awareness among young children. The event helped the children learn about the importance of maintaining good oral hygiene and provided them with the necessary tools to take care of their teeth. The school authorities and the dental team Lead by Dr.Abirami Vallam Government Hospital are commended for their efforts in organizing and conducting the dental medical camp.

Dr.Abirami gave the advice to students

SWACHTA PAKHWADA ACTIVITIES

NSS organized Swachh Bharat activities on 07.08.2022 within the University campus. On the day of Swachh Bharat Fortnight inauguration, students and faculty members took pledge of cleanliness. A signature campaign was also organized to create awareness on keeping the campus clean and green. Further to the inaugural event, a seminar was conducted on “Awareness on Green Environment”. More than 100 students and volunteers engaged themselves in various activities including cleaning the surroundings of library building, hostel buildings, department buildings and administrative building. Apart from these, students were involved in removal of mesquite trees from the University campus and planting saplings in both academic and residential campuses. Awareness programmes and competitions were also conducted for students to bring about visible changes in the surroundings and to efficiently deal with waste disposal.

The NSS volunteers gathered to clean the surroundings of the individual buildings in the campus. NSS volunteers enthusiastically collected plastic wastes, tea cups, weeds, and dry leaves spread over the surrounding areas. The volunteers gathered all the waste and trash bags to the place where the university arranged for the removal of collected wastes. The whole cleaning drive was quite inspiring and motivating for the NSS team members.

Collection of Garbage from the University campus: The NSS volunteers gathered to clean the surroundings of the individual buildings in the campus. NSS volunteers enthusiastically collected plastic wastes, tea cups, weeds, and dry leaves spread over the surrounding areas. The volunteers gathered all the waste and trash bags to the place where the university arranged for the removal of collected wastes. The whole cleaning drive was quite inspiring and motivating for the NSS team members.

Removal of mesquite trees from the University campus: Invasion of mesquite trees in the University campus has been a long concern. Its encroachment reduces herbaceous resources and causes land dryness by sucking ground water. Our NSS volunteers actively took initiative to remove mesquite from the University campus.

AWARENESS DAY AGAINST DRUG ABUSE

The PRIST NSS Cell conducted a campaign as a part of Awareness day against DRUG ABUSE on 10th August 2022 to spread awareness and to eradicate drug abuse among youth. The volunteers were involved in Guest lecture/ awareness on drug abuse by Dr. Akilan and Dr. Abirami, where the volunteers were given heightened awareness. At the end of the session, the volunteers took an oath by telling the pledge against drug abuse.

The Volunteers Took an Oath

ENTREPRENEURSHIP DEVELOPMENT PROGRAM FOR VILLAGERS

With this noble prospective in mind PRIST NSS Cell has organized an Entrepreneurship Development Program on 16.08.2023 at Coir Board Thanjavur. Interested village people from adopted villages like Munnayampatti, Kuruvadipatti and Vallam pudhur have participated in the Entrepreneurship Development Program .they have shown their enthusiasm and active participation during the program. All experts have delivered contents in interesting way.

ENTREPRENEURSHIP DEVELOPMENT PROGRAM

In the present period of cut esophagus competition limited job opportunities are available and hence thesis high time to think about alternative option of job. An individual can become self-assured by giving his/her efforts in the direction of Entrepreneur. They play a vital role in the country's economic growth and also create employment opportunity for others.The PRIST NSS Cell has organized an Entrepreneurship Development Program on 15.09.2022 at Coir Board Thanjavur.

Entrepreneurship Development Program

MEENDUM MANJAPAI VIZHIPUNARVU

Tamil Nadu Chief Minister MK Stalin launched an environment-friendly initiative called Meendum Manjapai Vizhipunarvu Iyakkam. This awareness campaign on using 'yellow' cloth bag or 'manjapai' is aimed at encouraging people to return to the use of this eco-friendly bag and discard the plastic bags.

The NSS units of PRIST Deemed to be University create awareness programme jointly Organized with District collector office to promote the scheme to common people.

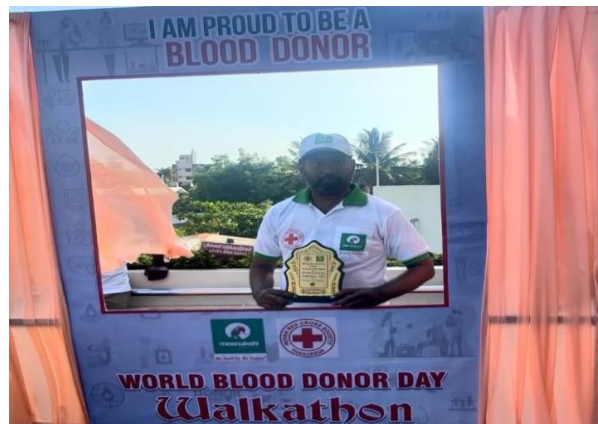

BLOOD AWARENESS RALLY WALKATHON

The National Service Scheme (NSS) of our University in associate with Thanjavur Medical College organized a Blood Donation program on 01.10.2022. Around 500 units of blood were collected in this blood donation event. Blood Donation Camp starts at 8 a.m. More than 170 volunteers of NSS participated in this mega event. Every donor was duly taken care of by the volunteers of the NSS group. All the donors were accompanied by the NSS volunteers to the refreshment, breakfast and awarded a blood donation certificate for donating blood and saving lives. The functioning of the camp went great by the sincere and disciplined efforts of the volunteers of each group present there and the event yet more exuberant.

FREE EYE CAMP FOR SCHOOL STUDENT

The National Service Scheme of PRIST Deemed to be University in hands with Lion's club Thanjavur organized a one-day free eye camp for the benefit of school students on 05.10.2022. The eye screening camp was conducted with the objective to promote eye health among school children. A six-member medical team including a doctor and nurses were engaged in this camp. A total of 120 students were benefited from this eye screening camp and children with minor problems, like trouble in reading (eye-sight) and itchy eyes, were given appropriate suggestion for further examination.

Eye screening camp

HEALTH AND HYGIENE AWARENESS PROGRAMME: (HEALTH CAMP FOR WOMEN)

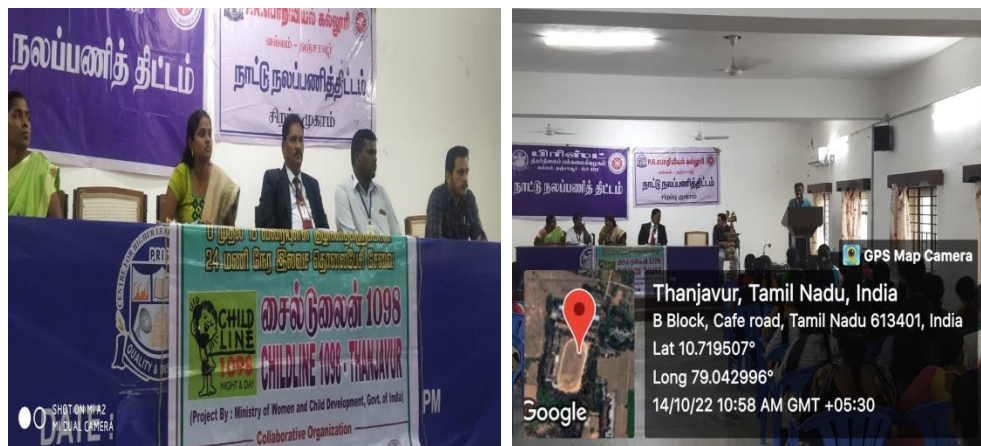

A Health Awareness programme was organized last 7th October 2021 our University premises. The eminent and famous doctors of our locality were invited and they took part in this programme. The well-known dietitian of the locality Dr. Malarvizhi, was selected President of the camp. All the doctors emphasized the necessity for personal health and hygiene. The doctors advised the students to eat healthy balanced food and to keep him or her clean. Most of the doctors highlighted the need for sleeping inside mosquito nets at night and to drink boiled water to prevent diseases like malaria, dengue and enteric diseases. The students were told not be lured by fast food, colored drinks, cold drinks and cut fruits. The doctors also emphasized the need for taking physical exercise daily. Regular physical exercise makes one's body healthy and stout. They guest doctors also focused on the need for keeping oneself clean and on keeping hands cleaned and washed. They said that the students need to keep themselves free from any kind of unhealthy materials. Totally 50 housekeeping workers and 20 volunteer's involved in this programme.

Doctor gave instructions

WOMEN AND CHILD WELFARE AND CYBER CRIME AWARENESS PROGRAMME on 14.10.2022

PRIST University NSS Cell jointly organized with District Social Welfare Office and Ministry of Women and Child Development to create awareness among the College students about all the citizens of India have right to live quality life. Bharatiya Stree Shakti strives for gender equality and women empowerment so that women could live in peace and harmony in Indian society. The infamous “Nirbhaya” case generated widespread outrage and was widely condemned in India and abroad. The Ministry of Women and Child Development (MWCD), Government of India, investigated the impact of changed policies and laws. The research project “Tackling Violence against Women: A Study of State Intervention Measures” aimed at documenting the changes in registration of the cases of violence against women after the policy level changes and to compare the national scenario related to the violence against women. The awareness given by Mrs.M.VIMALA District Social Welfare Officer. Mrs.A.Juliya field officer, Mrs.N.Elamathi MWCD coordinator. Totally 150 girls students involve the programme.

BREASTCANCERANDCERVICALCANCERAW ARNESSPROGRAMME

Introduction

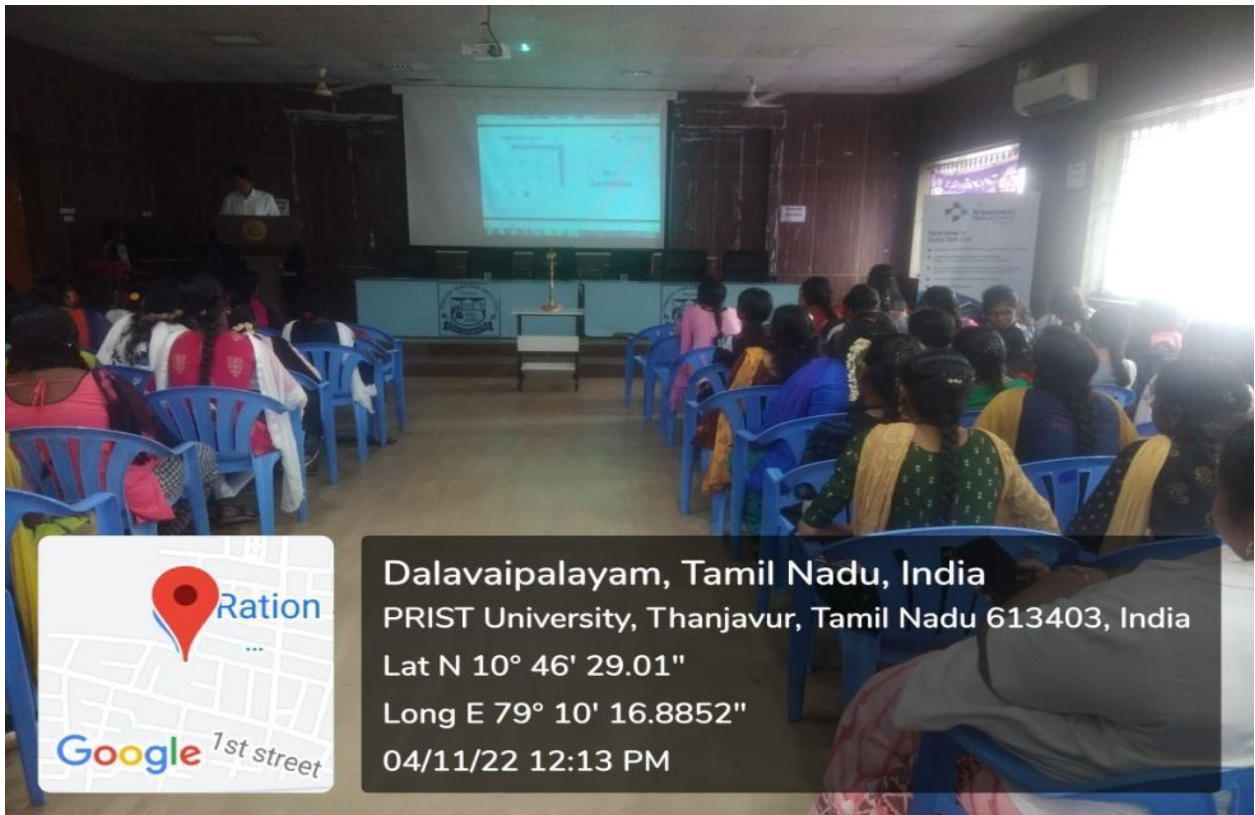

The posters provide awareness among students, regarding the types of cancer, early symptoms, diagnostic methods and preventive methods, and motivate them to avoid habits that increase the risk of cancer. The importance of cancer awareness has been emphasized as a means of ensuring behavior that facilitates early detection, whereas the absence of cancer awareness has been seen as a detriment to this end. Delay in health-seeking is also attributed to factors such as illiteracy, financial constraints, as well as myths and superstitions along with lack of awareness and this go hand-in-hand, most of the time. Screening is an important preventive measure in cancer control. Even though the national programme in India has a screening component, it is yet to take root in most part of the country. At present, most of the screening tests are available at higher centers only.

OBJECTIVES:

- Create cancer awareness and remove the stigma and fear attached.
- Help people recognize early signs and symptoms of cancer, thus enabling them to seek at an early stage.
- Educate students about the key risk factors, since more than 30% of cancer cases could be prevented by modifying lifestyle or avoiding the risk factor.
- Inform women about mammograms, clinical breast exam and breast self-exam
- Inform students about the importance of regular screening and check-ups

LEPROSY ERADICATION AWARENESS PROGRAMME.

Leprosy eradication awareness programme rally was held on 29 th November 2022 at our adopted village Vallam puthur, Under the leader ship of District health inspector Mr.Singaravelu and Mr.Artheeswaran on behalf of PRIST Deemed to be University NSS Cell.

Leprosy Eradication awareness

SCHOOL RENOVATION WORK AT ADOPTED VILLAGE

Kuruvadipatti primary school is an elementary school, with grade 1 to 5. There is also a pre-primary unit in the school. The total student population is about 300. There are currently 8 teachers. The school is located about 5 kilometers from Vallam town, Thanjavur.

Assessment of the infrastructural needs

Considering that there were only 3 usable classrooms for the primary (elementary) classes of grade 1 to 5, there was a lack of 2 classrooms. The block of 3 dilapidated classrooms also needed some workmanship in order to make it learning – friendly. As it was, there were holes on the Asbestos and iron roof that obviously allowed water to leak through during the rainy season. The walls had apparent cracks and were not plastered. The windows had no cover. The floor was either dusty or with huge potholes. There were also few desks for the pupils. There was, therefore, a need to create 2 new classrooms and renovate the block of 3 dilapidated classrooms. Our PRIST NSS Cell made all kinds of work.

PRIST NSS in School renovation work at adopted village (Kuruvadipatti)

THE AWARENESS PROGRAMME ON AIDS

The awareness programme on HIV/AIDS was held on 14/12/2022. In this programme Dr.Reavthi, Adolescent Counsellor was gracing the programme and delivered her valuable speech on HIV/AIDS. NSS Volunteers create the awareness door by door

TUBERCULOSIS AWARENESS PROGRAMME

PRIST NSS team members, staffs and students conducted the Tuberculosis awareness conference on 25.03.2023. Our chief guest Mr. A.G.Kannan Tuberculosis prevention officer, Thanjavur and Mr.Rajkumar Tuberculosis prevention officer, Budalur has participated in that programme and they explained about the various reasons and prevention measures to control tuberculosis. Many of our Students were participated and got awareness by that conference. Dr.Malathi Director Tuberculosis Thanjavur, joined the programme as a chief guest to give awareness among the students.

ONE STUDENT-ONE TREE PROGRAMME

Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought, control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health, and also reduce carbon footprints. Keeping this in mind the campaign for the One-Student One-Tree programme was initiated by the PRIST NSS Cell at Kuruvadipatti Village on 27th March 2023.

The students also took the Oath: “I will plant a tree sapling and take care of the sapling such that it grows into a mature tree”

We hope that such activities shall sensitize and encourage the students to “Love the trees until their leaves fall Off, then encourage them to try again next year”.

PRIST NSS volunteers planted tree saplings in the Kuruvadipatti village.

HEALTH AWARENESS PROGRAMS AND MEDICAL CAMP ON 28.03.2023

Health promotion is one of the most important activities to promote health. PRIST NSS Cell organizes health Awareness programs in its Adopted villages. This program educates them in prevention. People attend the sessions and become aware of water borne and air borne diseases. They also wash their hands and use the hand kerchief when they sneeze. People are also given medicines as they attend camps.

Doctor gave advice to the villager

SWACHTA BHARATH ACTIVITIES

NSS Cell organized Swachh Bharat activities at Adopted villages on 15.04.2023. On the day of Swachh Bharat Fortnight inauguration, students and faculty members took pledge of cleanliness. A signature campaign was also organized to create awareness on keeping the village clean and green. Further to the inaugural event, a seminar was conducted on “Awareness on Green Environment”.

Cleaning drive

GENERAL HEALTH CAMP FOR WOMEN

ACADEMIC YEAR

2021-2022

World No Tobacco Day activity

Duration in days: One day

Date: 31/05/2021

Name of the event: World No Tobacco Day

Organized by: NSS

Venue: Students home place

Number of participant-: 105

Objective: Human Health

Details:

Tobacco causes 8 million deaths every year. Quitting can be challenging, especially with the added social and economic stress that have come as a result of the pandemic, but there are a lot of reasons to quit. Worldwide around 780 million people say they want to quit, but only 30% of them have access to the tools that can help them do so. The benefits of quitting tobacco are almost immediate. After just 20 minutes of quitting smoking, your heart rate drops. Within 12 hours, the carbon monoxide level in your blood drops to normal. Within 2-12 weeks, your circulation improves and lung function increases. Within 1-9 months, coughing and shortness of breath decrease. Within 5-15 years, your stroke risk is reduced to that of a non-smoker. Within 10 years, your lung cancer death rate is about half that of a smoker. Within 15 years, your risk of heart disease is that of a non-smoker. Students of every class had taken No Tobacco pledge with students in their online classes.

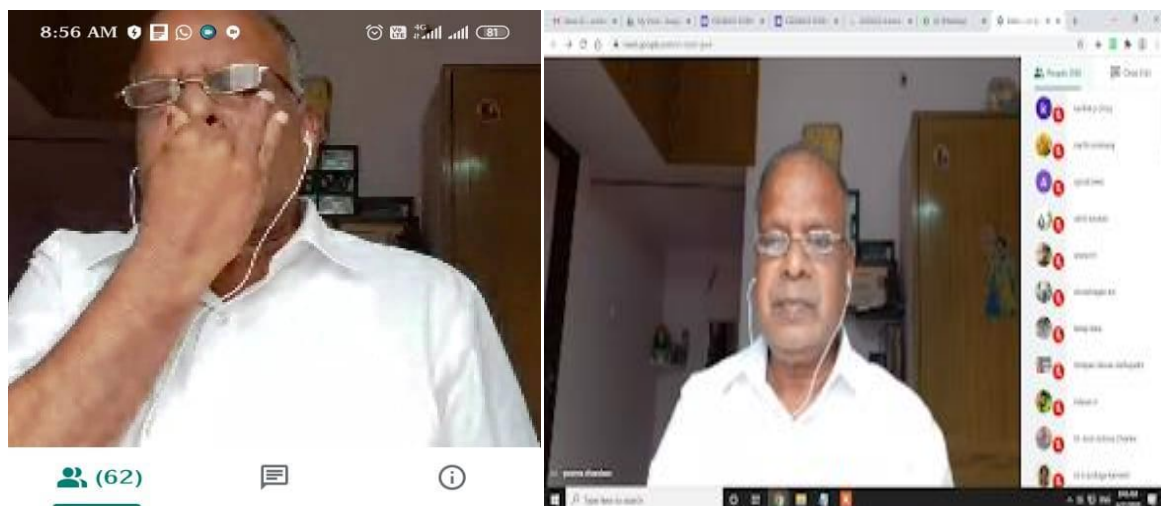

Outcome of the program: 105 students participated in this activity.

Glimpses:

CELEBRATED INTERNATIONAL DAY OF YOGA

PRIST Deemed to be University NSS Cell Celebrated International Day of Yoga in the institution through online in “Google Meet” App on 21st June 2021. Organized by: NSS Venue: adopted village (Kuruvadipatti)

Number of participant- Male: 50 Female: 50 Total: 100

Objective: To create awareness

Details:

HIV remains a major public health issue that affects millions of people worldwide.

Although the world has made significant progress in recent decades, important global targets for 2020 were not met. Division, disparity and disregard for human rights are among the failures that allowed HIV to become and remain a global health crisis. Now, COVID-19 is exacerbating inequities and disruptions to services, making the lives of many people living with HIV more challenging. The theme of World AIDS Day 2021 is “End inequalities. End AIDS”. With a special focus on reaching people left behind, WHO and its partners are highlighting the growing inequalities in access to essential HIV services.

5 HIV FACTS

1 People on effective HIV treatment can't pass it on

Effective treatment for HIV suppresses the virus to such low levels that it can't harm you and you can't pass it on.

2 HIV can't be passed on through day-to-day contact

HIV can't be passed on through things like touching, kissing, sharing cutlery or glasses.

HIV can be passed on through sex without a condom but only if a person is not on effective treatment. It can also be passed on through sharing needles and during pregnancy (but in the UK this is extremely rare because we have great treatment).

3 HIV can affect anyone

Some groups of people are affected by HIV more than others, but it can be passed on to anyone.

4 People living with HIV can live long and healthy lives

There isn't a cure for HIV, but there is excellent treatment. If you are diagnosed in good time and take your medication, you can have as long and healthy a life as everyone else.

5 There are many ways to prevent HIV

- Getting regularly tested for HIV if you are sexually active
- Taking PrEP or PEP (tablets which prevent HIV either before or just after you've been exposed to it)
- Using condoms
- Never sharing needles
- Taking your medication if you are living with HIV

HEALTH AWARENESS PROGRAMME FOR SCHOOL STUDENTS AT BUDHALUR

NSS Programme Officer educated and created awareness about a very important disease that has been declared as a Pandemic by WHO- Corona virus disease (COVID 19) among the 125 NSS volunteers and NSS Programme Officers of our University. Awareness programme was conducted on 09.03.2022. Awareness was created regarding risk factors, high risk areas, symptoms, signs, diagnosis, treatment, complications, and most importantly the methods of prevention and precautions to be taken to safeguard oneself. The myths created on social media were also busted. They were made aware about the importance of using masks, the people at high risk who require the use of masks and that not everybody needs to wear a mask. They were also told that panic will not help in any way, but being aware of the problem, taking up the responsibility of creating awareness to peers and other family members to tackle the situation, approaching the healthcare providers and hospitals in case of any suspicion, is the key to control such a pandemic. Hand hygiene and its importance were also discussed. The programme continued till around 3:45 pm, followed by questions and answers session for the student volunteers and teachers/POs to clarify any doubts. The students enthusiastically participated in this discussion and asked their queries which were answered.

The myths created on social media were also busted. They were made aware about the importance of using masks, the people at high risk who require the use of masks and that not everybody needs to wear a mask. They were also told that panic will not help in any way, but being aware of the problem, taking up the responsibility of creating awareness to peers and other family members to tackle the situation, approaching the healthcare providers and hospitals in case of any suspicion, is the key to control such a pandemic. Hand hygiene and its importance were also discussed. The programme continued till around 3:45 pm, followed by questions and answers session for the student volunteers and teachers/POs to clarify any doubts. The students enthusiastically participated in this discussion and asked their queries which were answered.

a. Students practice on respiration

b. Demo for proper Hand cleaning

Free eye screening to the villagers

BLOOD DONATION CAMP

The National Service Scheme (NSS) of our University in associate with Thanjavur Raja Mirasudhar Hospital organized a Blood Donation program on 03.06.2022. Around 100 units of blood were collected in this blood donation event. Blood Donation Camp starts at 8 a.m. More than 150 volunteers of NSS participated in this mega event. Every donor was duly take care of by the volunteers of the NSS group. All the donors were accompanied by the NSS volunteers to the refreshment, breakfast and awarded a blood donation certificate for donating blood and saving lives. The functioning of the camp went great by the sincere and disciplined efforts of the volunteers of each group present there and the event yet more exuberant.

NSS volunteers involved blood donating

INTERNATIONAL YOGA DAY

International Yoga Day was organized by NSS Unit from our University. 165 volunteers participated in the activity on the occasion of 8th International Yoga Day on 21st June, 2022. The International Day of Yoga has been celebrated annually on 21 June since 2015, following its inception in the United Nations General Assembly in 2014. Despite being times of the quarantine, the volunteers celebrated the true spirit of Yoga by practising Yoga at home. The volunteers performed various yoga asanas at convenient time between 5 AM and 8 AM in the morning. The photographs of volunteers and staff members are performing yoga asanas in university auditorium. Volunteers expressed that they had a wonderful and refreshing experience of peace through Yoga, the amalgamation of the fitness of the mind, body and soul.

Volunteers are engaged the yoga practices

BLOOD DONATION CAMP

The National Service Scheme (NSS) of PRIST Deemed to be University in associate with

Thanjavur Medical College organized a Blood Donation program on 26.07.2022. Around 140 units of blood were collected in this blood donation event. Blood Donation Camp starts at 8 a.m. More than 200 volunteers of NSS participated in this mega event. All the donors were accompanied by the NSS volunteers to the refreshment, breakfast and awarded a blood donation certificate for donating blood and saving lives.

NSS volunteers involved blood donating

SWACHTAPAKHWADA ACTIVITIES

NSS organized Swachh Bharat activities on 07.08.2022 within the University campus. On the day of Swachh Bharat Fortnight inauguration, students and faculty members took pledge of cleanliness. A signature campaign was also organized to create awareness on keeping the campus clean and green. Further to the inaugural event, a seminar was conducted on “Awareness on Green Environment”. More than 200 students and volunteers engaged themselves in various activities including cleaning the surroundings of library building, hostel buildings, department buildings and administrative building. Apart from these, students were involved in removal of mesquite trees from the University campus and planting saplings in both academic and residential campuses. Awareness programmes and competitions were also conducted for students to bring about visible changes in the surroundings and to efficiently deal with waste disposal.

The NSS volunteers gathered to clean the surroundings of the individual buildings in the campus. NSS volunteers enthusiastically collected plastic wastes, tea cups, weeds, and dry leaves spread over the surrounding areas. The volunteers gathered all the waste and trash bags to the place where the university arranged for the removal of collected wastes. The whole cleaning drive was quite inspiring and motivating for the NSS team members.

Collection of Garbage from the University campus: The NSS volunteers gathered to clean the surroundings of the individual buildings in the campus. NSS volunteers enthusiastically collected plastic wastes, tea cups, weeds, and dry leaves spread over the surrounding areas. The volunteers gathered all the waste and trash bags to the place where the university arranged for the removal of collected wastes. The whole cleaning drive was quite inspiring and motivating for the NSS team members.

Removal of mesquite trees from the University campus: Invasion of mesquite trees in the University campus has been a long concern. Its encroachment reduces herbaceous resources and causes land dryness by sucking ground water. Our NSS volunteers actively took initiative to remove mesquite from the University campus.

a. Garbage and life litters collection from the University campus

b. University campus cleaning drive

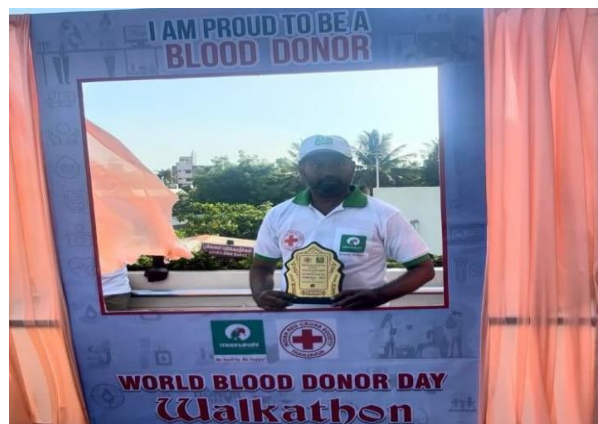

BLOOD AWARENESS RALLY WALKATHON

The National Service Scheme (NSS) of our University in associate with Thanjavur Medical College organized a Blood Donation program on 01.10.2022. Around 500 units of blood were collected in this blood donation event. Blood Donation Camp starts at 8 a.m. More than 170 volunteers of NSS participated in this mega event. Every donor was duly taken care of

by the volunteers of the NSS group. All the donors were accompanied by the NSS volunteers to the refreshment, breakfast and awarded a blood donation certificate for donating blood and saving lives. The functioning of the camp went great by the sincere and disciplined efforts of the volunteers of each group present there and the event yet more exuberant.

NSS volunteers given Blood donation awareness

NSS coordinator received awards

HEALTH AND HYGIENE AWARENESS PROGRAMME:

A Health Awareness programme was organized last 7th October 2021 our University premises. The eminent and famous doctors of our locality were invited and they took part in this programme. The well-known dietitian of the locality Dr. Malarvizhi, was selected President of the camp. All the doctors emphasized the necessity for personal health and hygiene. The doctors advised the students to eat healthy balanced food and to keep him or her clean. Most of the doctors highlighted the need for sleeping inside mosquito nets at night and to drink boiled water to prevent diseases like malaria, dengue

and enteric diseases. The students were told not be lured by fast food, colored drinks, cold drinks and cut fruits. The doctors also emphasized the need for taking physical exercise daily. Regular physical exercise makes one's body healthy and stout. They guest doctors also focused on the need for keeping oneself clean and on keeping hands cleaned and washed. They said that the students need to keep themselves free from any kind of unhealthy materials. Totally 50 housekeeping workers and 20 volunteer's involved in this programme.

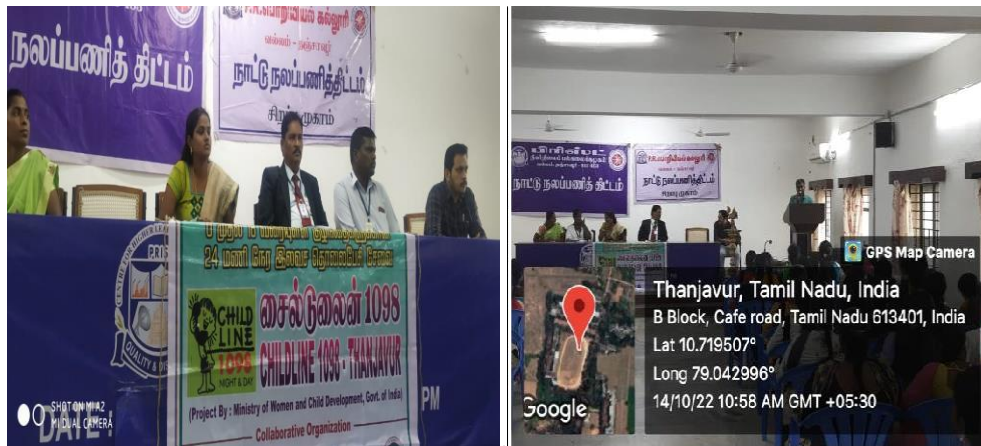

Doctor gave instructions

WOMEN AND CHILD WELFARE AND CYBER CRIME AWARENESS PROGRAMME on 14.10.2022

PRIST University NSS Cell jointly organized with District Social Welfare Office and Ministry of Women and Child Development to create awareness among the College students about all the citizens of India have right to live quality life. Bharatiya Stree Shakti strives for gender equality and women empowerment so that women could live in peace and harmony in Indian society. The infamous “Nirbhaya” case generated widespread outrage and was widely

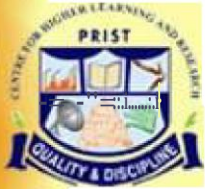

condemned in India and abroad. The Ministry of Women and Child Development (MWCD), Government of India, investigated the impact of changed policies and laws. The research project “Tackling Violence against Women: A Study of State Intervention Measures” aimed at documenting the changes in registration of the cases of violence against women after the policy level changes and to compare the national scenario related to the violence against women. The awareness given by Mrs.M.VIMALA District Social Welfare Officer. Mrs.A.Juliya field officer, Mrs.N.Elamathi MWCD coordinator. Totally 150 girls students involve the programme.

BREAST CANCER AND CERVICAL CANCER AWARNESS PROGRAMME

Introduction

The posters provide awareness among students, regarding the types of cancer, early symptoms, diagnostic methods and preventive methods, and motivate them to avoid habits that increase the risk of cancer. The importance of cancer awareness has been emphasized as a means of ensuring behavior that facilitates early detection, whereas the absence of cancer awareness has been seen as a detriment to this end. Delay in health-seeking is also attributed to factors such as illiteracy, financial constraints, as well as myths and superstitions along with lack of awareness and this go hand-in-hand, most of the time. Screening is an important preventive measure in cancer control. Even though the national programme in India has a screening component, it is yet to take root in most part of the country. At present, most of the screening tests are available at higher centers only.

OBJECTIVES:

- Create cancer awareness and remove the stigma and fear attached.
- Help people recognize early signs and symptoms of cancer, thus enabling them to seek at an early stage.
- Educate students about the key risk factors, since more than 30% of cancer cases could be prevented by modifying lifestyle or avoiding the risk factor.
- Inform women about mammograms, clinical breast exam and breast self-exam
- Inform students about the importance of regular screening and check-ups

Totally 153 participant are participated in the event and finally online certificate given to the participant.

Creating Awareness on COVID-19 Vaccination is the Need of the Hour

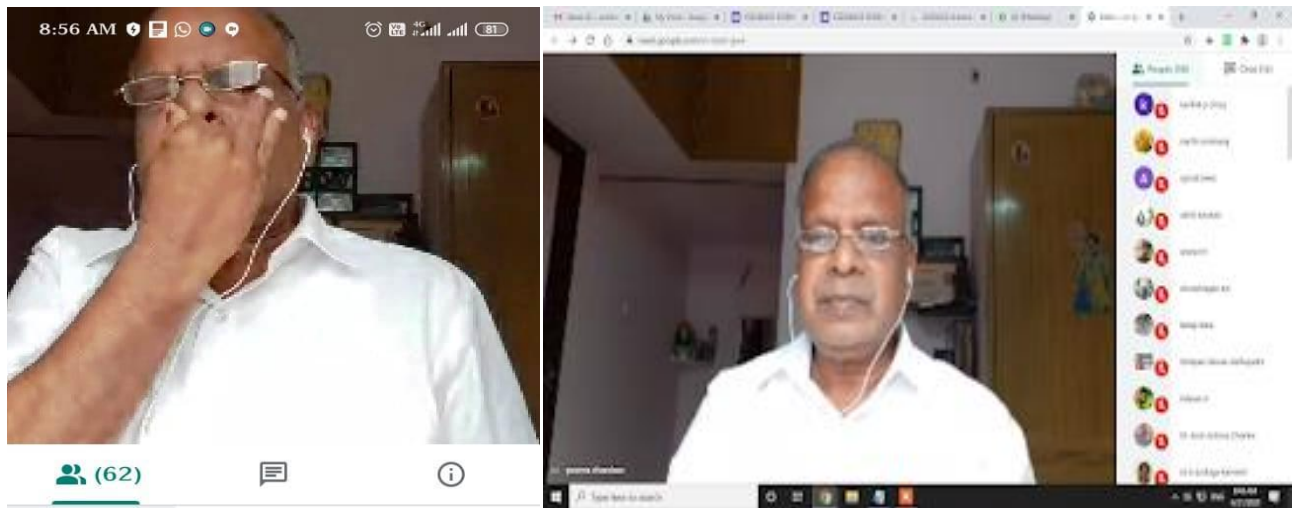

PRIST NSS Cell raising awareness on COVID-19 vaccination through Social Media. Here with to create awareness in and around Thanjavur the importance in the current scenario has become the need of the testing time. The first & the second wave of the Corona virus pandemic led to a dramatic loss of human life all over the world and put forward an unmatched challenge to the public health system, food systems as well as the realm of work. The socio-economic disruption caused by the COVID-19 pandemic is just devastating.

The COVID-19 pandemic has been hitting the complete food system and has put bare its fragility. Trade confinements, Border closures, and restraint measures have been restricting farmers from accessing markets, entailing for purchasing inputs as well as selling their produce, and agricultural workers from reaping crops, therefore disturbing domestic as well as international food supply chains and decreasing access to healthy, reliable and distinct diets. COVID-19 outbreak has decimated jobs and put around millions of livelihoods at risk. As financial supporters and leading persons in the family lose jobs, fall ill and lose their life, the food security, as well as nutrition of millions of men and women, are under threat, with those in economically backward and less developed countries, especially the most marginalized groups, which cover small-scale farmers as well as indigenous masses, being hardest hit.

CELEBRATED INTERNATIONAL DAY OF YOGA

PRIST Deemed to be University NSS Cell Celebrated International Day of Yoga in the institution through online in “Google Meet” App on 21st June 2020. NUTRITION AWARENESS PROGRAMME 14. 03. 2018

Every good food and liquid contains some important nutrition like proteins, carbohydrate, fats, some vitamins, minerals and water. These all play different role to keep our body healthy and build new cells in our body. These are the important nutrition and their role in our body Good Nutrition Provides the Building Blocks of Muscle. When you eat foods that contain protein, they are broken down in the body as amino acids. These amino acids are then used to build and repair any muscle tissue. This is great for those who are physically active or exercise regularly. This awareness was created by our University NSS Cell. 120 volunteers was participated in nutrition awareness programme.

News Paper exposes our Nutrition Awareness Programme

TB AWARENESS PROGRAMME – 24-03-2018

World TB Day is observed on March 24 each year to raise public awareness and understanding about one of the infectious diseases - Tuberculosis. As per the WHO report the incidence of TB in 2019 is 192/ 100000 population. The patients who are affected by TB will suffer physically, emotionally, socially and economically. There is a need for creating awareness among the general public and health care professionals on tuberculosis management and its prevention

In this regard, PRIST NSS CELL and Vallam Primary Health Centre observe world TB day on 23 and 24 March 2018 based on the theme “Invest to end TB. Save lives”.

AIDS AWARENESS PROGRAMME

PRIST NSS Cell and Vallam Primary Health Centre organize a AIDS awareness proramme on 24.03.2018 at University premises. HIV, the virus that causes AIDS, is one of the world's most serious public health challenges. Therefore, there is a strong need to have a global commitment to stop the new HIV infections and ensuring that everyone with HIV has access to possible treatment. HIV/AIDS Awareness is a campaign designed to help prevent HIV infections and eliminate stigma by educating students on this disease. This activity enhanced awareness about HIV/AIDS causes mechanism, symptoms, prevention, misconception etc. among the participants and developed a sense of commitment to spread the knowledge gained throughout the society.
