PRIST deemed to be University has organized a workshop for commerce and management students on “Workshop on Career Opportunities in Chartered Accountancy & Commerce”.

The workshop is aimed to encourage young commerce and management students to learn and explore the Chartered Accountancy skill to enhance their Tally Course. Campus placements are one of the biggest events in every student's life. it's easy to see just how important Tally Accountancy is around the world.

This workshop began the course with an incredibly imaginative self-introduction exercise in which students had to present themselves in a fresh way. They were required to either provide an adjective, a quotation, or a song that best embodies who they are. Additionally, they may give the others a chance to guess their names by explaining the meaning of their names without disclosing them! The students seemed to be really engaged in the activity, which was a fun way to break the ice.

A conversation on the self—one's goals, aspirations, interests, and drives—came next. Pupils were reminded of the significance of dreams and desires in shaping one's identity. It was emphasized that they must be passionate about something in life. Additionally, advice on how to boost self-esteem was given to the students. They were also urged to approach everything in life with positivity and optimism. Above all, it was emphasized that kids should always have confidence in themselves and love who they are.

This Workshop on career opportunities in chartered accountancy & commerce was hosted by the Acco Focus Edutech (P)Pvt. Ltd. Thanjavur on 13th feb, 2023. The workshop was conducted by Prof. K. Sathya, Assistant Professor, Department of Commerce, School of Commerce and Management, Dr. S. Rajendran, HOD, Department of Commerce has given the welcome speech and coordinator of the Workshop Prof. B. Anuradha has given the introduction of the Workshop and chief guest. The Special Guest CA. Ms. S. Lakshmi, Director, Acco Focus Edutech(P) Ltd. Thanjavur. Around 150 students participated in the Workshop. She has lecture for 3hours.

Today, just completing your graduation is not counted as having a great career. Students need great knowledge and a good degree to face strong competition in life. But the most important question is which is the right course after B.Com. The speaker informed about

various career opportunities after graduation. He talked about Masters of Commerce (M.Com), Bachelor of Commerce (B.Com), Bachelor of Commerce (Computer Application) Masters of Business Administration (MBA in Finance). Overall it was a session that gave students idea about how to go well in planning their career.

We propose to collaborate with your esteemed college to train, assess and certify students on tally CA and make them job-Ready. Tally certification includes relevant concepts and application of Accounting, inventory, taxation and GST compliance to provide a platform to candidates to enhance their employability and simultaneously offer assurance of skilled resources to the potential employers.

We strongly believe that welfare of your students is your primary mission and towards fulfilling this mission we would like to join hands with you in this noble endeavor and solicit your support for conducting the GST Compliant Chartered Account. CA Training and Certification programme to make your students JOB-READY. Please feel free to contact the undersigned for any further information or clarification.
