12. Dr. S. Subashchandrabose, Scientist, RDC (Offline)

Proceedings:

1. Dr. Das welcomed the members of the URB and requested Hon'ble VC to address the members
2. Hon'ble VC expressed the teacher's day wishes and emphasized the need of research in a university. He reiterated the societal based research activities as the best practice of PRIST and the need of industrial/ societal connect as the basis for it.
3. The specific agenda points were raised by Dr. Das and were discussed by the URB members. The salient features are as follows:
 - a. Change of the name of CRD to RDC (as per direction by UGC). It was pointed out by the VC, that in one of the recent online meetings, Dr. Jagdeesh Kumar, Chairman, UGC, had mentioned that the 'name' by itself (RDC or CRD etc.) didn't matter as much as the actual research activities carried out by the University. PRIST's RDC was originally identified as CRD, since the year 2008.
 - b. The status of RDC- Ph.D selection, guides approval, extramural funding, publications, and conferences conducted.

ps/ 22

- c. Dr. Sudhakar suggested to insist on one publication per year for every Ph.D scholar and collaboration with foreign organization to enhance publications
 - d. Dr. Mohanraj emphasized on the faculty sending more project proposals for sponsored research, targeting the thrust areas (namely, bioethanol, marine resource utilization etc.,)
 - e. The scientists of RDC explained their future research plans and specific constraints. In response to this for better streamlining the R&D activities, Hon'ble VC requested Dr. Nirmal Ram to revive and update the profiles of active researchers of the campus so as to form like-minded research groups and carry out joint publications and submit joint proposals. He also asked to prepare activity calendar and conduct fortnight discussions on their implementation status
 - f. Dr. Krishnan suggested active implementation of MoU with BoBP and conduct joint conferences and apply for international project funding.
 - g. Dr. Sudhakar conveyed the scope of faculty exchange programs to UMP for a period of 30 days with the local hospitalities borne by UMP and also to conduct joint international conference with UMP with no expenses for PRIST
 - h. Dr. Mohanraj insisted on encouraging the scientists for travelling outside the campus for networking with regard to external projects, consultancy, patent commercialization and publications, rather than confining themselves to routine attendance in campus
 - i. Dr. Sudhakar recommended the formation of inter disciplinary research centers and offering Ph.D in inter-disciplinary areas and applying for copyrights for all the Ph.D theses (for non-commercial usage)
4. Hon'ble VC thanked the board members for their participation and valuable inputs
