### **DEEMED TO BE UNIVERSITY SCHOOL OF ENGINEERING & TECHNOLOGY**

#### DEPARTMENT OF MECHANICAL ENGINEERING

##### **ABOUT THE INSTITUTION**

Ponnaiyah Ramajayam Institute of Science and Technology (PRIST), a Deemed University (U/s 3 of the UGC Act 1956), is one of the renowned units of Ponnaiyah Ramajayam Institutions, which are serving for more than 25 years in promoting quality education and research for our Indian community, since its inception. The institution is now brimming with many social responsibilities, particularly in promoting quality education through research.

##### **ABOUT THE DEPARTMENT**

The department of Mechanical Engineering came into existence in 2008 with an objective to impart quality education to meet today's competitive environment.

Department has well experienced and dedicated faculty with strong commitment to provide a vibrant learning environment to the students in order to help them excel.

To keep pace with the current technological trends, the department has a well designed, constantly reviewed syllabus to incorporate all advancements in existing and emerging technologies which gives the students a holistic and pragmatic view of the present scenario of industry.

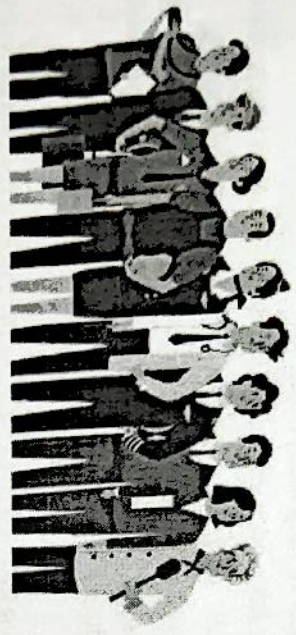

##### **CAREER GUIDANCE FOR ABOARD COMPANIES**

###### *Required Skills for Indians to Work Abroad*

If you are looking for a job in abroad from India, there are certain skills and educational qualifications that you require.

- **Diverse Management Skills:** A qualified project manager who can adjust to the organization's needs is functional practically anywhere globally. Different needs for each industry, team, and project must be considered.
- **Languages:** If you want to work overseas, you should be passionate about languages because you will probably need to study the local tongue to get by and advance your profession.

- **Technical Skills:** Most multinational corporations seek candidates with knowledge of the technology they employ and either hands-on experience or a willingness to learn about it.

- 6 STEPS TO GET A JOB IN ABOARD COMPANIES**
- Determine the type of job you like.
  - Decide the country in which you want to work.
  - Find a career in which you're involved.
  - Apply for a Work Permit or Visa.
  - Edit your resume and localize it.
  - Apply for the job.

### **DEPARTMENT OF MECHANICAL ENGINEERING**

#### **ABOUT THE INSTITUTION**

Ponnaiyah Ramajayam Institute of Science and Technology (PRIST), a Deemed University (U/s 3 of the UGC Act 1956), is one of the renowned units of Ponnaiyah Ramajayam Institutions, which are serving for more than 25 years in promoting quality education and research for our Indian community, since its Inception. The institution is now brimming with many social responsibilities, particularly in promoting quality education through research.

#### **ABOUT THE DEPARTMENT**

The department of Mechanical Engineering came into existence in 2008 with an objective to impart quality education to meet today's competitive environment.

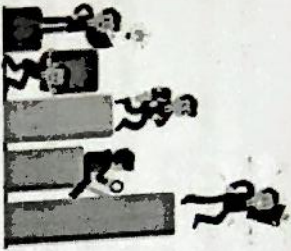

Department has well experienced and dedicated faculty with strong commitment to provide a vibrant learning environment to the students in order to help them excel.

To keep pace with the current technological trends, the department has a well designed, constantly reviewed syllabus to incorporate all advancements in existing and emerging technologies which gives the students a holistic and pragmatic view of the present scenario of industry.

#### **CAREER GUIDANCE FOR ENTREPRENEUR**

- Entrepreneurship is a subject that refers to designing and running your own business.
- It is about offering a different and innovative product or a service to targeted customers or maybe changing the traditional ways of consumption of products or services.
- With technology impacting almost everyone today in every corner of the world, entrepreneurs are making the most of it.
- It may concern your grocery delivery, taxi services, food delivery, financial services everything is being offered by the new generation entrepreneurs directly on their mobile.
- In the study of entrepreneurship, one would be reading about how to solve the real problems or the gaps that still exist in the life of people. Not to mention that entrepreneurship is the emerging career option among millennials.

- With one of the most number of start-ups across the world, India is the emerging country that is home to the budding entrepreneurs.

## SCHOOL OF ENGINEERING & TECHNOLOGY

### DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING CAREER COUNSELING – 2022 PROGRAMS ABOUT CURRENT TRENDS IN IT SECTOR

Department: CSE

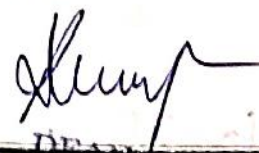

Every year, new technologies emerge that provide innovative approaches to business challenges and life's problems. Some of these stand the test of time and others fall by the wayside, leaving room for new technological developments and startups to join the race. It can be difficult to know which emerging tech is worth the investment and which you should pass over. This list will give you a better understanding of technology trends that will last into the next generation and real-world use cases you can expect to see in 2022 and beyond.

- Internet of Things (IoT)
- Machine Learning (ML)
- Edge Computing
- Smart Homes and Cities

## REPORT ABOUT THE PROGRAMME

Counseling refers to the process of helping students by providing guidance, moral support, and exploring solutions for the problems being faced. "Counseling" is usually associated with a professional helping out a student in need. This professional is someone who understands human behavior, their personality, and knows how to give the right direction to their thoughts. This professional is a person whom students can reach out to in times of uncertainty, and who makes sure that their identity and problems remain confidential. Career Counseling is a process that focuses on helping one understand one's own self, as well as work trends, so that one can take an informed decision about career and education. Career Counseling helps manage a diverse range of problems such as low concentration levels to poor time management, trust issues with family to non-agreement between parents and children on which career to choose.

The primary function of the Centre is to help students to develop their personal capabilities. The Centre provides access to lots of self-help resources and other resources to help the students cope with the stresses and pressures they might be facing while studying here. These pressures can intensify at certain times of the year or can occur if unexpected problems arise in their personal lives. Friends and family can be very helpful but sometimes, they might feel that they need something more to help them cope or get back on track. Eliminating negative thought, developing enriching habits, unlocking individual potentials and well versed communication is the aim of this program.

### OBJECTIVE

- To promote the mental & physical health of all the students, to improve their quality of life and create a learning environment that facilitates their individual development.
- To offer a broad range of services including individual therapy as well as workshops and talks of areas experts. In addition to these, the Centre provides a range of programmers' to promote mental health, emotional resilience and wellness throughout the campus community.

ONE DAY PROGRAMME IN HIGHER EDUCATION TRAINING PROGRAM

The one day Programme in Higher education training program caters to the needs all undergraduate or graduate students, prospective or current students, parents, alumni, visitors, media, teachers, examination developers.

HOW WILL THIS PROGRAMME HELP YOU?

Higher education is third level education after you leave school. It takes places at universities and Further Education colleges and normally includes undergraduate and postgraduate study. The term 'higher education' with respect to India denotes the tertiary level education that is imparted after 12 years of schooling (10 years of primary education and 2 years of secondary education).

TARGET GROUP

This programme is meant for a target group comprising teachers, parents, social workers, personnel from voluntary agencies or any individual who is interested in understanding and guiding children.

ELIGIBILITY

Teachers at pre-primary and primary schools, current students, parents, alumni, visitors, teachers, examination developers

PROGRAMME STRUCTURE

- Assess training needs: The first step in developing a training program is identifying and assessing needs.
- ...
- Set organizational training objectives: ...
- Create a training action plan: ...
- Implement training initiatives: ...
- Evaluate & revise training:

WHY THIS PROGRAMME IMPORTANT?

When You attend training programs, it gives the opportunity for continuous professional development - to learn new ways, methods, strategies, skills and tools. When teachers trainees get up skilled they automatically feel confident, happy and motivated to achieve greater things with their students

Higher education isn't just about earning a degree. If we step back and examine what a college experience entails, Students are asked to reason outside of their comfort zones. They are taught to engage in critical thinking as both an individual and as a member of a classroom. In many cases, students are required to stretch their imagination in both oral and written works, often presented in front of their peers. In other words, a college education teaches students to think differently.

Outside of earning a degree, a student will graduate with new and improved skills in critical thinking, analytics, written and oral communication, and group problem-solving.

The School of Education runs the fulltime B.Ed., M.Ed., M.Phil programmes and Full time / Part time Ph.D Programme to uplift the poor and marginal students. School of Education is contributing its best to promote research and to impart educational skills to the rural students and to bring out their latent talents in the mind of the rural students

**ONE DAY PROGRAMME IN CAREER ASSESSMENT**

The one day Programme in Career Assessment caters to the needs of teachers trainees, and others interested in guiding students in the age group of upto 20 years for their better learning and career development. This is a training programme, which will help you in dealing with the problems faced by the students. The programme is developed in collaboration with the National Council of Educational Research and Training (NCERT T), Delhi, the apex body concerned with school education in the country.

**HOW WILL THIS PROGRAMME HELP YOU?**

The programme has been specially designed to help you develop understanding career assessment and development. You will know how individual differences play a vital role in the context of career assessment. A career assessment training programme designed to help individuals gain insights into their interests, skills, values, and personality traits to make informed decisions about their career paths.

**TARGET GROUP**

This programme is meant for a target group comprising teachers trainees, arts and science and engineering or any individual who is interested.

**ELIGIBILITY**

Teacher trainees B.Ed, M.Ed students and Anyone with 10 / matriculation pass and minimum 18 years of age.

**PROGRAMME STRUCTURE**

- \* Identify the factors. In choosing any career, there are a lot of factors to take into consideration. ....
- \* Be clear and organized. Some people who undergo career Assessments are already confused as it is. ....
- \* Set goals and objectives. ....
- \* Encourage. ....
- \* Make it interesting.

**WHY DO WE NEED THIS PROGRAMME?**

It is an essential and vital step towards effective career planning as the career assessment test plays a role of about 30% to 40% in the whole process of career selection. Evaluating these tests helps the career counselor give the proper guidance as it helps them understand you a little better.

**CAREER ASSESSMENT INTERVIEWS**

This assessment is typically a pre-interview screening session that can help a company learn more information about a job candidate's skills, characteristics and long-term goals.

**NATURE OF CAREER ASSESSMENT**

Career assessments are tools that are designed to help individuals understand how a variety of personal attributes (i.e., data values, preferences, motivations, aptitudes and skills), impact their potential success and satisfaction with different career options and work environments.

**Lab Assessment:**

Students experience hands-on standardized work samples to explore and identify interests, strengths, abilities, and areas of development.

**Virtual Career Exploration Experience (VCEE):**

Students explore a specific career interest or career cluster in depth using the computer.

**EVALUATION**

When you successfully complete the programme mentioned above, you will be able to face any situation regarding your occupational setting.

**CIRCULAR**

It is informed that a special coaching class is going to be organized in our SOA for the those who are willing to appear in the forthcoming career counselling programme for upcoming PG entrance exams during the library period hours. Therefore, the final year students are informed to utilize this opportunity effectively. The students can join in more than one coaching class. The classes will be started from this week onwards.
