GOAL & OBJECTIVE

Numerous competitive exams in India are conducted for entrance into undergraduate and post graduate professional courses as well as for securing services in the government. The test formats and subjects vary according to the level of the test. Most are objective tests, followed by a personality test, and are conducted in various venues at centers across the country. Competitive exams are tough, with lakhs of aspirants appearing for a limited number of seats. Leading Public sector banks conduct a test for entry as Probationary Officers. The number of vacancies depends on the banks. It is an aptitude test with candidates tested on verbal and quantitative skills, followed by a group discussion and an interview. The UPSC (Union Public Services Commission) & TNPSC (Tamil Nadu Public Services Commission) conducts dozens of exams each year for entry into central government services, combined Medical and Engineering services, Economic service and the Indian Forests services. To motivate aspiring students to prepare for higher studies and guiding them to take exams such as CAT, GATE, TOEFL, GRE, IES, UPSC, TNPSC etc. The college arranges various seminars and guest lectures from time to time to encourage the students to prepare for Competitive Examinations.

The Career Guidance and Counseling is to provide to student community all possible assistance in choosing the appropriate avenues. To enable the students to realize their primary ambition, it has become imperative to counsel and encourage them to set definite goals. The cell provides guidance and training by briefing about various avenues during the time of admission.

- Organizing talks and seminars regarding different job oriented and vocational courses.
- Inviting career counselors to inform students about job prospects of different subjects.
- Conducting aptitude tests, mock interviews and group discussions.
- Arranging personal development program.
- Encouraging the students to participate UPSC and TNPSC Examinations
- Updating the students with latest information on Industry and Economic Trends

ABOUT SOFT SKILL DEVELOPMENT

In order to enhance the soft skills and employability skills of the students, value added courses such as Communication Skills, Business Communication, Personality Enhancement and Campus to Corporate are made an integral part of the curriculum of the students. The students are also counseled and motivated to become better citizens and advised to stand upright for social causes. To imbibe these qualities, they are encouraged to participate in activities for social and community service. The University also provides every student with the facility of undertaking an Inter-Disciplinary project so as to enhance their soft skills. Apart from this the students are provided Summer and Winter Internships, Exchange Programmes, Projects, Dissertations, Seminars, Group Discussions, Mock Interviews, Inter-disciplinary Projects, Team Activities, Community based activities, Placement Assistance via Corporate Resource Centre, Organizing activities to enhance their application skills, team building skills and entrepreneurial skills. Many conferences are also organized from time to time to enhance the knowledge and skills of students.

Many School level, Intra-University and Inter University events are organized from time to time for the holistic development of the students

OBJECTIVES

- To develop and train the students to learn the soft skill and face the corporate world and have a successful professional career.
- To develop soft skills and communication ability to challenge the rigors of competitive tests and on-job-training in add-on or vocational courses
- To arrange for various technical and career guidance related seminar/workshop to.

TRAINING MODULES

B. Tech Students

BASIC BEHAVIORAL ETIQUETTE

YEAR : II-IV YEAR

Duration: 10 Hours

Training is mainly focused on discipline, grooming, career planning and building personality. As it is the first year of the university, students are given awareness about the job market right from the start so that they prepare accordingly at their own pace and potential.

Eliminating negative thought, developing enriching habits, unlocking individual potentials and well versed communication is the aim of this program. The module consists of

- ↗ Communication Skills, Goal Setting, Career Planning, Reaching your Potential, Time Management, Stress Management, Grooming and Discipline, Learning skills, Listening Skills

TECHNICAL, GENERAL APTITUDE AND SKILL SET DEVELOPMENT

Year : II YEAR

Duration :(10 HOURS)

The training is an extension of the 1st year training with assignments and tasks given based on individual topics. A practical exposure is given to realize the importance of the skillsets. Students are exposed to facing their fears and uncomfortable situations such as public speaking, job interview, group discussion etc. Team building and group activities are also performed to help students realize the benefits of working in a team for efficient productivity and cooperation.

- ↗ Attitudes, Technical Aptitude, General Aptitude, Quantitative Reasoning, Logical Reasoning, Verbal Reasoning, Group Discussion, Interview Skills, Assertiveness, Creativity

PONNAIYAH RAMAJAYAM INSTITUTE OF SCIENCE & TECHNOLOGY

PRIST UNIVERSITY

Vallam, Thanjavur.

Date: 01.11.2021

Sir,

Sub: "Three days' remedial class conducted by Department of Electrical and Electronics Engineering.

It is informed that all second year EEE students should attend the remedial classes for week students for respective subjects scheduled on 09.11.2021- 11.11.2021.

All students are requested to participate and utilize the opportunity.

Thanking you.

Bridge Course

A bridging of gap is not limited to the academic arena. Understanding the institute culture and expectations engineering program on the part of the student also entails bridging of gap. Induction program is organized as an orientation activity every year for all the first year students to enlighten them about the electrical engineering and course expectations. This also helps them get acquainted with the culture and environment at the institute. It helps bridge the gap between students to campus and also provides a quick overview of campus to corporate connect. A Bridge program is a formal partnership between two post-secondary institutions that provides students with advanced standing in a degree program at one institution as recognition of previous academic experience in a similar field of study at another institution.

Remedial Coaching

Faculty members encourage and support students above and beyond the regular allocated lectures. Various requests by students pertaining to subject related queries, concept clarity, challenging topics and additional practice sessions are addressed by faculty members to enhance the efficiency of the students, help students in their areas of need and for students who have been unsuccessful in the examination
