For connection program there will be a 5 Teams. In each team there are 5 members. Four round of competition have been conducted. Each question have 10 Marks in case of pass question there will be addition of 5 Marks. At end of connection Game Civil Department scored 35 Points , CSE department scored 30 Points, Mechanical with 20Points and EEE&ECE scored 10points. As the end of this session CIVIL is declared as winner and CSE is declared as Runner of the Competition.

Engineer's day was addressed by Honourable Vice Chancellor Sir. He encouraged students about day to day technological activities.

And also motivated the students to participate in all technical and non technical events conducted in all over the world.

Finally honouring all the winners by giving the rewards to those who are got first two places.

The function concluded with a vote of thanks and National Anthem.

“Engineering is not merely knowing and being knowledgeable; engineering is not merely analysis; engineering is not merely the possession of the capacity to get elegant solutions to non-existent engineering problems; engineering is practicing the art of the organized forcing of technological change.” The Theme of the event has to be attained.

Learning programming and app development through repetition can be a very effective technique.

There are a number of ways we can control a loop. By reaching a count, for instance. If the player is to get three chances, then the count is three. This is known as a finite loop. Or we can allow for a breaking condition within the loop, such as an option to quit. Until the user initiates this condition, the loop runs indefinitely. This is known as an infinite loop.

In this competition, five different teams namely Team A, Team B, Team C, Team D and Team E, with two participants in each team give tough battle to each other.

Rules and regulations of the quiz were explained at the beginning. It was interesting two-round competition, including objective questions with options round, which engaged the students for one hour.

The students showcased their brilliance by rapidly answering the questions. Though some of the questions were very tricky, the teams tried to answer them with confidence.

Although the teams participated actively, the Team A that scored the most. It was very informative and knowledge enriching competition for the participants along with the audience

The lesson here is to never run code that you haven't first either saved or copied and pasted into a text editor. Learn this lesson now, or learn it later, the hard way. It's our choice.

Minutes of the programme:

Programme Name: Vision Quest

Date: 20.04.23

Venue: PRIST Block Seminar hall , PRIST University, Thanjavur

Time: 10.am

Dignitaries on Dais:

Resource person: Dr. S.Subramaniam Head the Department of Mathematics
Dr. L. Chinnappa, Dean School of Arts and Science.

The programme started with welcome address given by Mr.S.Rasakumar, Assistant professor of English. Followed that valuable speech was given by our Dean, school of Arts and science Dr. L. Chinnappa. Dr. S.Subramaniam, Head the Department of Mathematics was the resource person of the programme. He gave a lecture on Vision Quest. The programme reflected the role of spirituality and contemplative thinking in Indigenous cultures. He provided an important connection between the participants.

The resource person was taken the session powerfully revealed the purpose of the program was to review performance of the team and set goals with a fresh perspective and larger vision. The program includes training in the skills of awareness, spiritual protection, and the second level of quest, direct experience with holding protection for a real Vision Quest plus group and individual process. Dr.S.Subramaniam made a magnificent training programme which makes the students to participate in most interesting way. This training will enable people to build a program based business as a Vision Quest facilitator in their local community. The programme ended with the note of vote of thanks proposed by Prof. K.Veenai Muthu Assistant professor of Tamil.

Judge- Dr. A.Usha, Dean, Student affair

Dr. L. Chinnappa, Director Admission, Dean School of Arts and Science

HOD'S of various Departments

The programme started with welcome address given by Dr.R.Iniyavan, Head the Department of English. Followed that grand speech was given by our Dean, School of arts and science Dr. L. Chinnappa. Dr.A.Usha, Dean, Student affair was the judge of the competition 'Creative Writing on Nature in literature'. Who motivated the students inaugurate the auspicious function. The intention of the event is express creative writing skills from the students. It inspired students to use their imagination to bring bags of personality and flair to their work. It focused on more traditional, technical forms of writing, like journalistic and academic styles, but instead displays imagination and invention. Students were participated in essay writing, drawing, story writing, poem writing, and making handicrafts things and won prizes. The programme ended with the note of vote of thanks proposed by Prof. J.Subarna

PRIST/A&S/BC/22-23/3.3

Date: 16.08.2022

The department of Biochemistry is pleased to inform that, we are planned to organize a science carnival event on 22nd August 2022. In this regards, we invite all students and faculty members to participate and make the function a grand success.

The aim of the Science Carnival is to provide an opportunity for the students to showcase their aesthetic ideas, passion and creative innovations as well as ignite the minds of the students in the field of Science and Technology. We invite the students to participate their Science project ideas on Life Science in the following events

- Science Lectures
- Scientific Exhibition
- Hands-on-training - Phytochemical analysis
- Rangoli

REPORT FOR SCIENCE CARNIVAL EVENT

Department of Biochemistry, Ponnaiyah Ramajayam Institute of Science & Technology [PRIST], organized the **Science Carnival-2022** on August 22, 2022 in Seminar hall-II, CRD.

The dignitaries on the dais were Dr. L. CHINNAPPA, Ph.D., Dean, School of Arts and Science, Dr. A. Bakrudeen Ali Ahmed, Ph.D., Professor and Scientist, Department of Biochemistry PRIST, Dr. S. Ambiga, Head, Department of Biochemistry, PRIST, Dr. A. NOORJAHAN, Ph.D., Research Director and CEO, Biofocus Scientific Solutions Pvt, Ltd., Kumbakonam, and Dr. S. Sathishkumar, Assistant Professor, Department of Biochemistry, PRIST.

The programme started at 09:00 am with the welcome address by Dr. A. Bardeen Ali Ahmed, Ph.D., Department of Biochemistry. Dr. L. CHINNAPPA, Ph.D., Dean, School of Arts and Science delivered an Inaugural address about the Science and Technology today. Dr. S. Ambiga, Head, Department of Biochemistry introduce the Guest. Dr. A. NOORJAHAN, Ph.D., Research Director and CEO, Biofocus Scientific Solutions Pvt, Ltd. delivered the invited talk about the science in daily life.

Finally Dr. S. Sathishkumar, Assistant Professor, Department of Biochemistry delivered vote of thanks.

PRIST DEEMED TO BE UNIVERSITY

ABOUT THE INSTITUTION

Ponnaiyah Ramajayam Institute of Science and Technology (PRIST), a Deemed University (U/s 3 of the UGC Act 1956), is one of the renowned units of Ponnaiyah Ramajayam Institutions, which are serving for more than 25 years in promoting quality education and research for our Indian community, since its inception. The institution is now brimming with many social responsibilities, particularly in promoting quality education through research.

Role of Engineering for Sustainable Environment

There are several reasons why manufacturers should focus on sustainable engineering:

- To reduce overall CO2 emissions
- To minimize energy & materials consumption, which increases operational efficiency by reducing costs
- To build in recyclability and reuse, which optimizes the top and bottom line
- To improve company culture, employee engagement, and customer satisfaction
- To increase competitive advantage, strengthen the brand, and build public trust
- To compete in markets with strict environment, health, and safety regulations

Use resources effectively
When designing products, engineers should make sure non-renew resources are properly and sparingly used in the manufacturing process to reduce depletion and minimize waste.

Eliminate excess waste
PLM for green engineering enables you to utilize digital thread capabilities to support sustainability initiatives. You can design, visualize, develop, and test products in the digital realm as opposed to doing it in the physical world, avoiding scrap and waste.

Consider material alternatives

When sourcing parts, it's important to consider suppliers that offer sustainable options such as recycled or reused materials.

Role of Engineering for Sustainable Environment

Dr. D. Vincent Herald Wilson explained all the processes that were involved in "Role of Engineering for Sustainable Environment". A number of excellent colleges and universities are building environmental studies into their curricula for both bachelor's and master's programs, including Stanford University, the University of California at Berkeley and Carnegie Mellon University. That number is growing as schools increasingly realize that engineering design parameters (e.g., ambient temperature, sea level, storm intensity, droughts, volcanic activity, earthquakes and flooding) will be different in the years to come. Years of unsustainable practices have made those design assumptions unpredictable. Mining, oil drilling, gas exploration and overconsumption of those resources combined with pollution, such as greenhouse gas emissions, have taken a toll on the Earth's natural resources. Therefore, significant changes in resource availability have resulted, and infrastructure must be redesigned to operate safely in this new environment. Resource availability and environmental operating conditions are evolving. Engineers who understand how those changes will impact engineering projects are in demand now and for the foreseeable future.

Sample Feedback Responses from the participants.

The objective of the Role of Engineering for Sustainable Environment was achieved. The overall session discussion benefitted the Students. This Role of Engineering for Sustainable Environment would help the participants to program in an effective way and also it would help them to do their implementation in future.
